## Foreword

I feel that to have been asked to write a foreword for the Bishop's College School Magazine is a great privilege and honour to be accorded to one who is not an old boy. I am, however, appreciative of the fact that a short historical sketch of my father, who was an Old Boy, is to appear in this issue and that may be the reason why this honour has fallen upon me.

Some of you will shortly be leaving to take your place in the life of this great country of ours. I am confident that what you have learned here, at games and in your daily life, as well as in the class room, have given you a very desirable foundation upon which to build your careers. Remember, however, that the sort of character you build on this foundation lies with yourselves; you owe it to yourselves, to your school and to your country that you build four-square with sound materials.

Most of you will be back next term. I envy you that privilege—make the most of it. Play your games hard and cleanly,—but play. We cannot all be stars but the value of games is in the playing of them, not in the watching. When it is time to work, work as you would play—put your back into it. It is not so much what you actually learn that benefits you, but the effort which you put into overcoming the difficulties you meet.

To all of this old school, the Headmaster, his Staff and the boys, I wish every success, and happiness.

In closing, may I leave a few words given to me by my father when I left home to join the Royal Military College of Canada; after over thirty years' experience I find no fault in them and hope they may be of some help to you:

"Be truthful;  
Be patient with and considerate for all;  
Be respectful to your superiors, kind and generous to your equals, just and civil to your inferiors;  
Be punctual;  
Clean and smart in your personal appearance;  
Obey all lawful orders with promptness;  
Be firm in doing what is right;  
Fear God—Honour the King;  
Let your yea be yea, and your nay, nay;  
Remember your Creator in the days of your youth."

## Editorial

*"My dear, dear lord  
The purest treasure mortal times afford,  
Is spotless reputation."*

SHAKESPEARE.

We are honoured with a foreword from Major-General Constantine, whose famous father came to B.C.S. in '58.

During the war Major-General Constantine won the D.S.O. and bar, the Legion d'honneur (Croix de Chevalier) and was mentioned five times in despatches. In more recent years he was Commandant of R.M.C.

In this magazine will be found a brief historical sketch of Superintendent Constantine. Old Boys will be desirous of having more details of his life; these they will find in Fetherstonhaugh's book: "*The Royal Canadian Mounted Police*," where there are most inspiring references to him and to his work.

Interesting, too, will be a hitherto unpublished picture of the "New School" in 1875, which replaced the former School destroyed by fire in January 1874, as will also be the accompanying article describing the school. A. J. H. Richardson who is a zealot in excavating B.C.S. material in the Archives (he will be remembered as having come first in the Province in 1932), has unearthed these treasures. He it was, too, who finally set all doubts at rest as regards the actual date of the founding of the School.

Once more the School has been shocked to the realization that even its little world can never stand still. We have heard "Matron is leaving us" always uttered in a tone of genuine sadness. For twenty-five years Miss McCallum has nurtured B.C.S. boys with loving care and even the most arrant young rascals were always sure of a safe haven

after the storm. Speaking for all Old Boys whom we have ever heard express their opinion, we express, for them, their deep gratitude to one for whom they had a most affectionate regard.

One and all we express, simply, our deep-felt regret that she has decided to leave us. We fully realize our inadequacy to adequately do Matron justice; that would require a book on School life with Matron as heroine.

Unquestionably, her thoughtfulness, her obvious reluctance to judge anyone harshly, her sense of justice and absolute honesty of purpose and, perhaps above all, her beautiful disposition will be an enduring influence in B.C.S. "Lovely and pleasant" has been her influence in our lives here.

#### THESE THINGS I LOVE

The flap of the sail, the call of the sea,  
A cold mist at dawn, a boat to the lee,  
The gurgling surge, the channel bell,  
A voice from the fog, and all is well.

The sigh of the wind, the swishing pine,  
The spuming wake, the wayside shrine,  
The evening star, still heaven above,  
A cosy harbour, these things I love !

H. HARRISON BENNETT.

## ARGOT

Watch the line!—The pace is steady.  
All the boys are marching fine.  
Ne'er again they'll march together  
As to-day—so, keep in line!

Next year some will march as blithely  
To another time and tune;  
We shall watch them from a distance,  
In another, older June.

Still, perhaps, with pace as steady  
As was ours—no, not so fine!  
There shall never be a better  
Than was ours—so, hold the line!

If, in life, we march as steady,  
Step as true as yours and mine:  
There shall never be a finer  
March than ours—so WATCH THE LINE!

S. H. ?

"It has always been the glory of the Mounted Police that the Force, when need arises, can supply from within its ranks men peculiarly well equipped to deal with the situation confronting them. Thus in 1894 the Government sent Inspector Charles Constantine to report upon the establishment of order in the Yukon where the discovery of gold and the knowledge of the lawless element that had seized power in the mining camps of adjacent Alaska gave warning that strong measures in defence of the law would assuredly be required. Having served in the Red River expedition of 1870, and later as Chief of the Provincial Police of Manitoba, Constantine had been the adjutant of a volunteer regiment in the campaign of 1885 and had then joined the Mounted Police. Possessing great physical strength and an alert mind, versed in judicial procedure, Constantine studied the situation in the Yukon and reported that it could be brought under control by a carefully chosen detachment of officers and not less than fifty men."

#### CHARLES CONSTANTINE CAME TO THE SCHOOL IN 1858

Charles Constantine, son of the Rev'd. Isaac Constantine, M.A., was born in Yorkshire, England, in 1849. Before coming to Lennoxville at the age of 9, he went to Penare House School, Cornwall, England.

He joined the Red River Expeditionary Force in 1870 and was Lieutenant and Adjutant (Winnipeg Light Infantry). In 1874 he was appointed Deputy Sheriff of the Province of Manitoba and in 1880 Chief of Provincial Police. He was successively Chief License Inspector of the Province of Manitoba, Member of the Board of License Commissioners. Captain and Adjutant of the Winnipeg Light Infantry in the rebellion of 1885, he received Medal and Clasps. Also, Medals for the Fenian Raid 1866-70 (Victoria Rifles) and Red River Expedition (2nd Bn. Quebec Rifles).

In 1886 he was appointed Inspector in the North West Mounted Police, and promoted to Superintendent in 1897.

He was sent to the Yukon in 1894 to make a report on it, and, in the spring of 1895 returned there in charge of a party of the North West Mounted Police to build first posts at Forty Mile and Dawson. He was acting Gold Commissioner till the summer of 1897, also Customs Officer for a time and Land Agent, and was appointed first Sheriff of the Yukon in 1897.

In 1903 he went down the Mackenzie River with a party of North West Mounted Police and established posts at Fort McPherson and at Herschell Island. From 1905 to 1908 he was in charge of the Peace River-Yukon Trail.

Before his death in 1912 he was a Coroner and Justice of the Peace for the Province of Alberta, a Commissioner of Police for the Dominion in the North West Territories and British Columbia.

General Service Medal—3 clasps.

1885 Medal—1 clasp.

Veteran's Medal.

"Brave, loyal, devoted, Constantine, to whom all these terms applied, has died in California, worn out by the rigours of his services in the North."

## Chapel Notes

In looking back over the records of our Chapel services since the last appearance of the School Magazine one feels that the first place in these notes must be given to the work of the Choir, which, under the inspiring leadership of Mr. Page, has done splendid service in maintaining dignified and reverent services each week of the school year. Many visitors during the past term have commented upon the beauty and dignity of our school services.

At the end of the school year the choir will be losing several of its valued senior members. We hope that they will carry away with them many happy memories of hours well spent in the chapel choir and that they will remember that Sunday by Sunday we shall recall them to our minds in the School prayer for "all present and former members of the School".

During this term the Sung Litany has been used at the morning service on two occasions and the beauty and devotion of that service was well brought out in the responses of the choir and the congregation. Our annual Carol Service on the last Sunday evening before Christmas was a very enjoyable and happy one. The Choir was invited to sing this service in the parish church of Lennoxville on the preceding Saturday evening and the church was filled with an appreciative congregation.

On Sunday morning, May 8th, the Chaplain, the Rev. Sidney Childs, presented the following members of the School to the Lord Bishop of Quebec to receive the Apostolic Rite of Confirmation:

Henry Derek Stuart Atkinson	George Hampden Stanley Mills
John Philip Stuart Atkinson	Kline Murdoch MacDonald
David Anthony Stuart Atkinson	John Arthur Stewart Penny
Hugh Fairlie Blair	John Kenneth Rapley
Finn Henry Grinstad	Colin John Ramsey
Arthur Owen Grav	Ian Livingstone Sewell
John Bostwick Holly	John Philip Skelton
Kenneth Simpson Howard	Tyler Wilson Spafford
David Michael Landry	Richard Howden Tomlinson
Jeffrey Burland Lindsay	David Irvine Wanklyn

In addition to the above, Paul Lindsay was confirmed at his parish church in Montreal. Two other boys were disappointed in the last week of preparation by illness. Professor Scott of Bishop's University kindly officiated as Bishop's Chaplain at the service. A number of visitors were present on Confirmation Day and also on the following Sunday, when the newly confirmed members made their first communion. We feel sure that the beauty of this service will linger long in their minds, and we hope it will be one of the happiest memories of their school-days. The address on this occasion emphasized the joy of the Christian life.

## ADIOS

The silvry moon has risen,  
The air is cold and still,  
A mist hangs o'er the river,  
Lights twinkle on the Hill.

On such a night one wonders,  
What God may hold in store,  
A life of high endeavour,  
On this or foreign shore?

Perhaps there sits a leader,  
A boy who well may be  
The saviour of a nation—  
If such be destiny.

The sands of time are running,  
The hour has come when we  
Must bid adieu to boyhood,  
And days so fancy free.

Farewell to you who knew us,  
To mem'ries sad and gay,  
Adieu to you, old B.C.S.  
May God march with you day by day.

MISS MARTHA McCALLUM  
MATRON  
25 YEARS AT B. C. S.

[From article III in the series: "The Public Institutions of the Dominion"; in the "Canadian Illustrated News", July 17, 1875.]

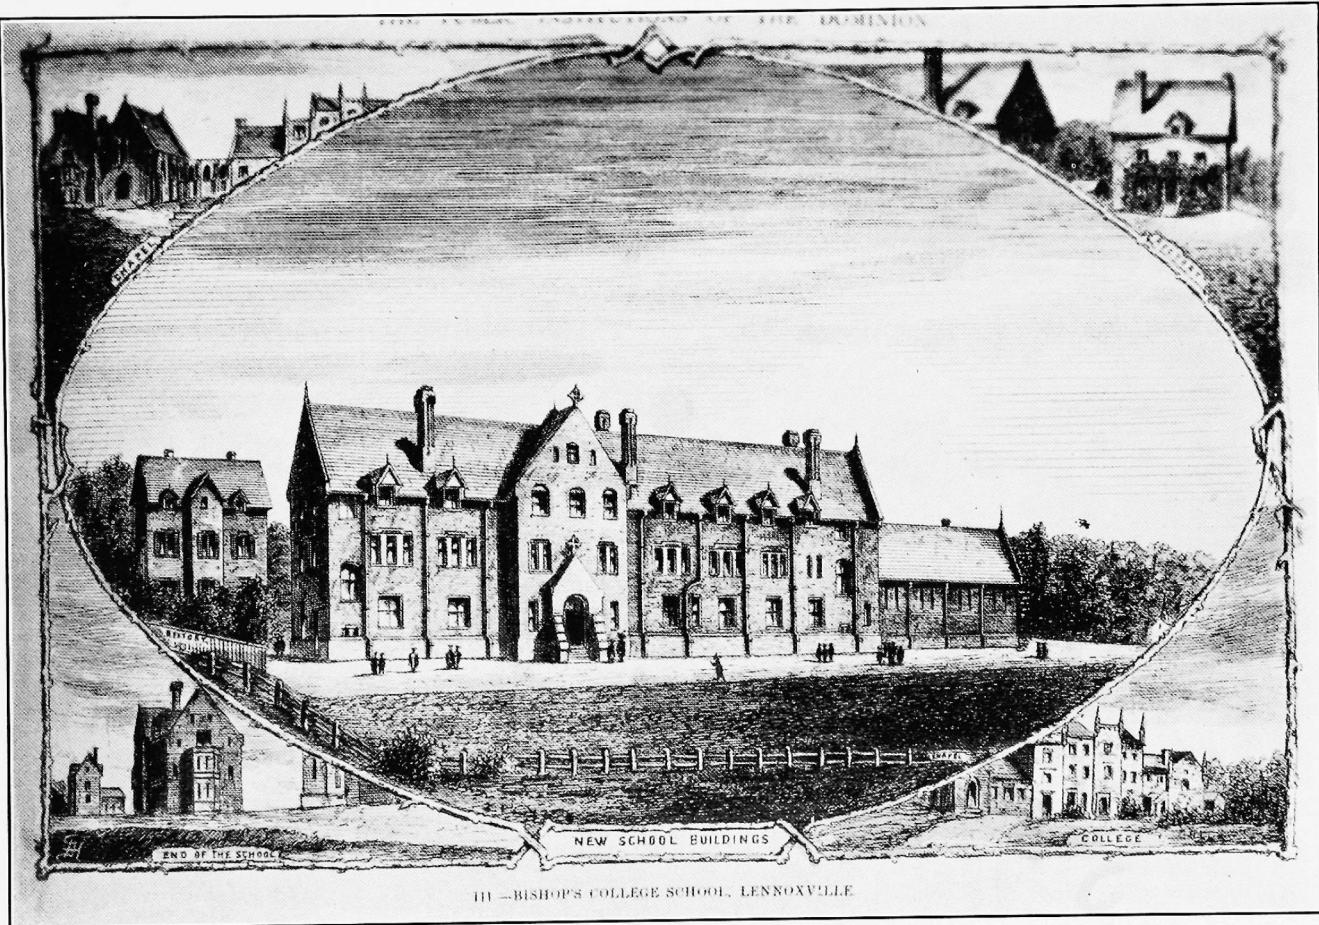

#### "BISHOP'S COLLEGE SCHOOL, LENNOXVILLE"

"The new School buildings of Bishop's College, Lennoxville, of which we give a representation elsewhere, have been erected during the past year to replace the former School House which was destroyed by fire on the 25th of January, 1874. During the intervening sixteen months, the School has been kept together in such temporary quarters as were at the time available and it says something for the prestige of the School and for the College management that, despite the many discomforts and inconveniences experienced, the School roll for the last year numbered 100 boys. The year previous to the fire the number was 130, the whole available School accommodation being occupied, about 30 boys from the village and neighbourhood being non-resident, the old system of outside boarding houses having been discarded on the appointment of the present Rector. In the new School House accommodation is afforded for 110 boys, and with such a building it may be confidently expected that the School's former numbers will soon be reached again and perhaps surpassed.

"Plans for the building were furnished by Messrs. Macdougall and Darling, the leading architects of Toronto, and it is only necessary to see the material result of their designs to justify the wise selection.

"The contractor, Mr. G. Bryant, of Sherbrooke, also deserves especial commendation for the faithful and skilful discharge of his important work, work which in every way reflects the highest credit upon him and which has deservedly met with the warmest appreciation of both the Architects and College authorities. The cost of the building was very nearly \$27,000. This was met by the insurance money on the former School amounting to \$15,000 and by private subscriptions which fully covered the balance. The new School has therefore been handed over to the College free of debt, and as the subjoined description will show, is one of which the College and Country may be justly proud. As regards comfort, safety, convenience and health, it is perhaps one of the most perfect buildings in the Dominion and in respect of its sanitary arrangements in particular has called forth the highest public eulogiums from two of our most eminent physicians, Dr. David, of Montreal, and Dr. Marsden, of Quebec.

"The building, which is of brick, is situated on a rising ground overlooking the village and having the St. Francis and Massawippi Rivers forming a junction almost at its feet. It faces the St. Francis, presenting a facade 161 feet long by 40 feet wide and 56 feet high to the ridge line of the roof. It is plain Gothic, giving one the idea of what it really is—a good substantial building intended to meet the requirements of the age. It has a solid, well-pitched, slated roof, with six handsome dormer windows on either side. The main entrance is on the north side, in the central block. Besides the entrance there is a private door at the end of the east wing, and a wide double door on the south, which will be the entrance for the boys, hereafter to be connected by a cloister with the Chapel and Dining hall. Coming in by this door we find ourselves in a vestibule, leading to the main corridor, which extends the whole length of the building from end to end (the

PUBLISHED BY THE COURTESY OF THE PUBLIC ARCHIVES OF CANADA

same corridor being repeated on the two flats above), 8 feet wide, and so lighted that no part of it is in the least dark. Turning to the left we come to a study, 38 feet by 16, which, as also the other two studies, is sheathed from floor to ceiling, stained and varnished.

"Passing the dividing door, we come to the central block, in which is the main staircase, the most, in fact the only, ornamented part of the building, extending from the south side to the main corridor, and occupying a space of  $31\frac{1}{2}$  by 40 feet. Opposite the staircase is a broad vestibule, intersecting the central corridor, and having the main entrance opening to it. Coming in by the main entrance there is a door at the right which leads into the book room; to the left is the reception room for parents and guardians. In the basement are the Boys' bath room, furnished with hot and cold water baths, kitchen, man servants and boot brushing rooms, fuel chamber and furnace room, from which pipes carry the steam to every room and corridor in the building, giving all the heat that could be desired.

"Coming up again we proceed along the main corridor through the east wing, in which are situated the Rector's room, with a large fireproof safe, the Master's common room, Sixth Form room, Library, and Master's staircase. The walls of this flat are sheathed  $4\frac{1}{2}$  feet up, and all the wood work is stained and varnished. The rooms are 13 feet high. Iron ladders are fastened against the outside wall from the roof to the ground, forming an effectual means of escape in case of fire, even supposing one was cut from all the four parallel staircases. Every room is provided with its independent ventilating shaft for carrying off vitiated air, the separate shafts leading into a space in the roof which has connection with the external air. In addition to these shafts there are fan lights over every door, so as to establish a thorough circulation of air. Four great and most important desiderata for a school building have evidently been insisted upon, and, as far as an outsider can judge, have been clearly carried out, both by architect and contractor, in the new Bishop's College School House. Abundance of light, as witnessed both in dormitories and in studies; economy of labour, as seen in lift, dust shafts, water and housemaids' conveniences, etc.; thorough heating (by steam); and, perhaps most important of all, thorough ventilation and drainage. The drainage of the new school house is, it may be well to add, as new as the house itself, and, we hear, has proved the only serious item of 'extra' expenditure in the account of the contractor."

January 29th—

### *My Election Platform*

*Gass I* Planks: Revival of Western Canada—now desert and Aberhart.  
 Return to the heigh-days of '27 with real money.  
 Fostering of sheep and wool in the North.  
 Increasing revenues through tariffs on goods.

*Doheny*—(A Frenchman addressing a French Community)—  
 First riddance: Sever all British connections  
 Second: Abolish Vice-Royalty and its \$50,000 per annum.  
 Third: No support for armaments and no over-seas troops.  
 These were some of his planks. Finally he visualized Quebec a Republic on the shores of the St. Lawrence and a purely French Province.

*Chambers*, if sent to Ottawa, pledged himself to work for the common good of Canada. His watchword is: "A house divided falls", and his platform: Reform. He proposes to speed up immigration and open the doors that are blocked to-day by the Federal government; to have all schools English-speaking for the sake of unity and thus teach all immigrants to be Canadians and forget Old World connections.

He would have Canadians benefit by the lessons of the U.S. "melting-pot". He advocated re-armament because wherever Canadian interests are threatened we have to turn to England.

Hon. W. G. Shaughnessy admonished the House not to draw political conclusions from the Social and Personal columns. Having delivered some scathing criticisms on the address of a former speaker he declared emphatically that Laurier would not have been the great outstanding man he was, had he not been mothered by Britain. How could Quebec stand with her derisory armaments without Britain's help, he asked. He considered that the present Liberal Government had gone through a real test and, in asking for votes, declared that his chief plank was whole-hearted support of Mackenzie King and all his Cabinet.

*Buch* mounted the august soap-box and kept the House rocking with laughter from beginning to end of his amazing speech. Loudly vociferating that the U.S. would not help us without a fat reward, or annexation, he advocated the granting to England of huge sums of money for the navy.

"Canada for the Canadians ! (loud cheers). The grain elevators of our Great West have been filled to repletion; this promises us free *what?*—Free bread ! (loud applause). No more taxes ! (deafening cheering). Will tax the rich ! (thunderous applause). Every man over 60 gets \$200 (mild applause, showing disappointment with the amount). I will have the Quebec roads repaired, if Quebec doesn't do it I will go out and do it myself (uproarious applause). Increase gasoline tax—the poor have no cars ! This will pay for our free wheat." (prolonged tumultuous cheering). Having reduced himself to a state of complete exhaustion, our greatest demagogue sat down, while the walls re-echoed the Society's appreciation.

*Bennett*, having labelled certain speakers inconsistent and pointing out their inconsistencies and fantastic idealism, declared very emphatically that no country without tradition can exist—there must be the feeling of stability, of continuity, to ensure a feeling of security among the people. He advocated public whipping in certain cases. He deplored duplicate railway lines and inequality of tariffs as regards Canada. He would have the B.N.A. Act amended, mixed farming in the West, the St. Lawrence Waterways scheme carried out so that wheat could be shipped uninterruptedly, and he would have the North opened up.

*Blair*. His chief planks were that the Government should be in charge of the sale of all liquor in Canada, and a plan for reforestation on a large scale which he expounded.

*Black*, having drawn a lurid picture of war, stood firmly on his platform; no war, no depression.

As this was an Election-Platform debate, there was no summing up.

There was a meeting of the B.C.S., D.S. in the Hooper Library, on Saturday evening, February 5th.

The Motion before the House was:

*"That all Court proceedings should be held behind closed doors."*

Doheny opened for the affirmative. He deprecated the practice of taking photographs in Court, considering these responsible for some verdicts. "A photograph can change the character of a man, very easily, as is demonstrated in our own Camera Club," he stated. He cited the Dreyfuss Case as that of a man unjustly condemned and stripped of his decorations until Emile Zola's book "*J'accuse*" caused his liberation. As regards divorce cases he was very emphatic: reports of such proceedings should, definitely, not appear in the press.

Buch, for the negative, disagreed on many points with Doheny. He did not consider that the Press exerted such a very great influence on Court verdicts, or that decent papers printed private diaries, and thought it the duty of the Court to prevent this. He argued that it was a good democratic idea to have all opinions aired in public and to have the pros and cons argued out in the newspapers.

Hon. W. G. Shaughnessy, affirmative, having requested a review of the Motion, and conceding that the public, invariably, react favourably to good points made out for both sides in the newspapers, deeply deplored the distortion of photographs to impress the public and advocated making this practice illegal. "What good has public opinion done to either Lindberg or Hauptman?" he queried. "Lindberg has been hounded ever since the trial and gained nothing by it," he added.

Chambers, negative, maintained that the press exerted a good influence in the carrying out of justice impartially. At any rate if such injustice exists, as some of the affirmative claim, the jury is excluded from it. He then stressed the world-wide angle one gets from the papers, whereas otherwise we would only have a minority opinion.

Sheppard urged a selective attitude with regard to legal proceedings and the newspapers, advocating the exclusion of the public in certain trials.

Blair admitted that the press frequently does influence public opinion adversely and cited some cases to prove his statements. He further asserted that newspapers have incited people to lynch. Still, from a broad-minded standpoint, he argued that the press and public should be admitted to court.

Bennett appealed to the House to find out whether any of us, on trial, would relish having our "private life dug up and dished out to the public". "Public opinion," he asserted "should not be swayed by so-called candid camera studies." He advocated that an official representative should be present at court to take verbatim notes to be published in the press. "In the Hansard system you would have facts and not blazing head-lines," he concluded.

Gass argued very strongly for the negative, maintaining that what goes on in a court room is public property; that the jury is not influenced as they are not allowed to read the papers and that criminals are sentenced not because they are to be removed from public life, but rather to set a public example.

Montefiore lauded justice and asserted that justice would still be maintained even though the press were shut out.

Burgess, after many explosions, finally got started. In more serious vein he made some telling points for the negative. He informed the affirmative that the public do not decide the fate of the accused and told them in honied words that miscarriage of justice could be carried on better behind closed doors. He ended with another explosion.

The Motion was put to the House and carried.

There was a meeting of the B.C.S., D.S. on Saturday evening, March 26th, in the Hooper Library.

The Motion before the House was:

*"That this Society is of the opinion that the Fascist form of government is superior to the Communist."*

#### PARTY DEBATE

Doheny (Fascist), defined Communism as control of land by the government and Fascism as a group of co-operative states meeting at a grand council in Rome. "Fascists", he told us, "have some say in their own affairs", "Fascists tolerate religion, Communists persecute religion", he said. He defined Nazism as a form of Communism and declared that Communism is rife in France and is throwing a monkey wrench in the wheels of government and, furthermore, that it is causing trouble everywhere.

Chambers (Communist), defined Communism as an ideal, put into practice, to some extent in Russia. However he argued that there is no perfect Communist state as yet. He considers the Russian attempt a failure but hopes that the ideal, with its watchword "peace" will be realized some day and a universal brotherhood. He asserted that the ideal of fascism is new tanks, new guns, new methods of killing, new methods of destruction and pronounced it a snarling-ism. "The Facsists teach their young men to live dangerously; train them early to love pretty guns in their hands, while the Communists foster peace, science and learning.

Bennett (Fascist), stated in a powerful speech: "We are all here for democracy, obviously, therefore our problem is to judge, to decide which of the two forms of government is the more democratic. Everything is threshed out in the Fascist Council: in the Communist party one man rules all, including even thought. We do not want theories:

Communism, lauded by our opponents, has been proved, by them, a failure. It spreads fear and terror. On the other hand Fascism has succeeded in two states."

The scribes may be allowed to interpolate here that frequently they realize their inadequacy to do justice to a speech; they may give a fairly adequate realistic reproduction of the speeches but fail to reproduce the ardour, the home-thrust of conviction, the ring of earnestness behind the words.

Hon. W. G. Shaughnessy (Communist): "In considering the type of government we want to rule us, there is one element that we would particularly like to see prevalent and that is *permanency*. In this respect Fascism falls down," Shaughnessy declared, and queried: "Who is going to carry on when Hitler dies?" Looking around for his most likely successor, he chose Goering, but threw him in the discard as he is so warmly disliked. "Communism is an ideal which must live on in the minds of those who believe in brotherhood and in the federation of labour." "Communism will destroy strikes which destroy production and cause poverty," he maintained, and further "Fascism was born in bloodshed and will continue as a force through bloodshed." He concluded with the assertion: "It is the Fascist nations that want war and not the Communistic."

Black II (Fascist), confined his earlier remarks and efforts to a violent attempt to break down the arguments of his opponents, and then informed the House that Communism made its debut in 1917 and Fascism very much later, and that in spite of this fact Fascism is a greater force and more successful.

Buch (Communist), explained, and explained very emphatically, that a Dictatorship is not Fascism. He took as his ideal Communism, on trial in Russia, and contrasted it with a country whose government allowed four men to have a salary of four million dollars. "Religion, also, is tolerated in Russia," he said, "and the government is becoming more lenient towards it, and the laws against it more relaxed, whereas in Germany the opposite is taking place."

Montefiore (Fascist), questioned the statements of some of his opponents with regard to the success of agriculture in Russia and maintained that it was no more successful in Germany and Italy. He drew a lurid picture of "blood-stained" Russia, reaching her modern culmination in the massacre of great generals.

Result a draw.

There was a meeting of the B.C.S., D.S. on Saturday evening, April 23rd.

The Motion before the House was:

"That this Society is of the opinion that *modern civilization has killed romance.*"

Gass, Hale, Doheny, Black I, Bennett, Moreland and Morgan upheld the Motion.

Allan, Burgess, Chambers, Montefiore, Buch, Duclos, Atkinson and Whittall spoke for the negative.

The Motion was put to the House.

The result was a draw.

The Chairman was in a quandary and withheld his casting vote.

This debate proved, once more, that the members of the B.C.S., D.S. are only at their best when discussing serious problems. The atmosphere of the House was . . . Ah, Romance !

At the meeting of the Society held on the 7th of May, the Motion before the House was:

*"That this Society approves of the International accords recently completed."*

Gass (President), stressed "unity is strength", and the weakening of the hands of aggressive nations through pacts between peace-loving countries. Shaughnessy envisioned recently made pacts in the discard and mentioned the Versailles Treaty. The Anglo-Italian pact he considered the outcome of selfishness on the part of Mussolini, who for the Ethiopian lure broke the League of Nations pact. Duclos emphasized the temporary prosperity due to pacts. Chambers thought that the League of Nations fiasco was due to selfishness on the part of the greatest powers and considered that there could be no permanence in pacts between governments which will be dissolved to-morrow. Burgess arraigned the previous speakers for their loose interpretation of the words treaty and accord and expressed his preference for a Teutonic alliance and a Latin one. Black II declared that the world was "teeming" with pacts and asserted that Italy's design was to borrow money from England to enable her to fight England when ready. Buch belligerently demanded from the negative a substitute for an accord or treaty, and dared them to find one; he further declared: "you don't hear about the treaties that are a success; they are not for the newspapers." Doheny immediately took up Buch's challenge and ably outlined as an alternative the fostering of friendships, the intermingling of families among nations and the use of radio and newspapers for this purpose. Atkinson advocated something potent to back up promises and treaties. Blair descended on the unreliability of certain great nations and ended on the note: "A scrap of paper brought about the Great War."

The Motion was lost.

At the meeting of the Society on the 14th of May, the Motion before the House was: *"That Canada should open her doors to emigration."*

Chambers, Shaughnessy, Buch, Black II, Burgess and Montefiore spoke for the affirmative, and Blair, Gass, Doheny, Patton (maiden), Collier (maiden), Atkinson and Crichton for the negative.

# School House

With the return of its members after the Christmas vacation, School House started Lent Term in high spirits. Hockey creases and skiing were the chief interests. Keenly anticipated and greatly enjoyed was the Upper Canada College and the School Skiing Meet, held at North Hatley on February 20th and 21st. Congratulations to Beckett, who with Anglin, was awarded the Whittall Senior Trophy, and to McCuaig the winner of the Eastern Townships Junior Trophy and the Whittall Junior Prize. Congratulations also to Phelps, Tomlinson, Kibbee and Hale I, School House members of the First Team, and also to Beckett and Nixon for obtaining their 3rd Class C.A.S.A. Test Certificates.

Numerous hockey trips to East Angus were enjoyed. Congratulations to Midgets "A" Hockey team for winning the Eastern Townships Midget Championship. Congratulations also to members of 1st team for their numerous victories and especially to Hale I, Churchill-Smith and Packard for their splendid scoring at the B.C.S.-L.C.C. game at the Forum in Montreal when a tie was turned into a victory in the last 10 seconds of play, with Packard scoring the winning goal.

Lent term saw the usual number of colds with the result that furniture on the top floor of School House was constantly being given "a ride" and with the further result that "G" dorm. "went with the wind". Several members had difficulty in remembering to which dorms. they had been moved. No one objected to the next move—home for Easter.

The Summer term commenced April 19th. Hertzberg, headboy in F dorm., did not return to School, and in his place, Whittall was made headboy which position he is filling very creditably.

Though a short term, numerous events have taken place. On April 26th, a concert was held in the School Assembly Hall. Congratulations to Phelps, Bennett, Atkinson, Stairs I, Wiswell, Collier I, for their splendid performances, which were much appreciated.

School Clubs have all functioned throughout both terms. Late in April, Senator Knatchbull-Hugessen visited the School and addressed the Commonwealth Club in the Hooper Library. His address was largely attended and much enjoyed by the members of the Club. The Carpentry Club has met regularly. Congratulations to Brown and Stoker II for constructing such fine boats. Brown already has tried his out at North Hatley and has attained a speed of forty miles an hour. We have seen pictures of it sliding over the water, but Brown is reticent re the breaking of champagne bottles at the christening ceremony. The Laurentians are to have the pleasure of seeing Stoker's green and white boat breaking records this summer. The Debating, Dramatic, General Science Clubs have all had regular meetings with School House members taking part. The Q.C.R. Track Club was short-lived; it held one meeting only. Its members decided that there were enough clubs in the School already.

Cricket, as usual, is the premier sporting activity of the term. Early morning net practise has attracted numerous players. 1st team has to date defeated the College and Lower Canada College. The Under Sixteen, Third, and Tyro Creases have all had practise in the nets and some "hefty" batters have been developed. Judging from the

splinters and in some cases "wood-piles", it would be advisable to "boil the bats in oil during the winter."

Confirmation took place on the 8th of May when Bishop Carrington confirmed 20 candidates at the morning service. That same evening, Mr. Lette, Headmaster of St. George's Boarding School in British Columbia and a graduate of Bishop's University, gave an interesting talk and showed four films on British Columbia scenery and life at his school.

On May 21st, the School Track team went to Stanstead to compete in the Inter-School Meet. Several School House members produced splendid results. Congratulations to Doheny for 1st in the 100 yards and making a new record of 24 4/5 seconds in the 220 yards; and also to Black I for second place in the 100 yards.

Cricket games are still to be played. Cadet Corps inspection is due to take place on June 8th, the Tennis Tournament is in full swing, and the thought of exams wracks our minds. Best of luck in these latter. To those leaving the School at the end of this its 101st year, our best wishes for success and a full measure of life's happiness.

### STORM IN THE TROPICS

#### I.

I soundly slept within my tent,  
I dreamt, but soon the dream was rent,  
A jungle storm with fury pent,  
Had burst upon the Earth.

#### II.

Above the trail of forest's girth,  
The lightning flashed in thunder's mirth,  
Uptorn as if in time of dearth,  
The jungle trees were felled.

#### III.

The rain swept down and I beheld  
A river with the torrent swelled,  
As if the flood could n'er be quelled,  
The swirling waters grew.

#### IV.

But then the sun burst forth anew,  
And threatening storm clouds now were few,  
And jungle beasts by two and two,  
Came forth from darkened lairs.

#### V.

The great apes ranged the wood in pairs,  
They went about their own affairs,  
The sun shone down and banished cares,  
From every savage heart.

# Chapman's

Everyone returned to the House after the Christmas holidays in the best of spirits, and we were all ready for a good term's work.

A number of our boys were successful in obtaining positions on the different hockey teams. Eaton and Dodds played a hard game on the First team defence, and throughout the season gave a creditable account of themselves. Seton, Macfarlane, Day, MacTier and Ramsey all played on the Midgets "A" team, while Hale, Thornhill and Dobell made Midgets "B". Schafran was on second team hockey, and Collier played for the Bantam team. Several boys also shone in the field of skiing.

Anglin and Hale were on the ski team. Stewart, Holt, Davis and others accompanied the latter two to take part in a ski meet at North Hatley. Each of our boys distinguished himself.

In the summer term many from Chapman's House were claimed by the track team. Outstanding amongst these were Schafran, Stewart and Anglin. At the track meet held at Stanstead on the 21st of May Stewart came first in the 880, Schafran grabbed three firsts, one in the 100, 220 and the broad jump, and Anglin took a second place in the high jump. We congratulate them for bringing honour to us.

Those who did not go out for track played the jolly game of cricket. Dodds was successful in making First team.

Taking all in all, we feel that we have had a very successful year, and to those who take our places next year we wish the same . . . .

## Williams'

In the middle of the Easter term, a term which witnessed no small degree of maladies throughout the school, the personnel of Williams House underwent a considerable change. This alteration was made in order to create another Senior Dormitory in place of G Dormitory which was being used as an auxiliary sick room. The net result of all this was that Gass II, Stockwell, Winser and Penny were transferred to School House, while Blair, Moreland, Spafford and Stoker II were billeted permanently "down by the river" at Williams House.

This change of cast has by no means dimmed the house-lights on the stage of Williams House. The winter term saw members of the house on both Midget teams. Trenholme, Spafford and Stoker II made Midgets "B", the first mentioned being Captain thereof; while Moreland and Shaughnessy gained their midget "A" colours, which team incidentally ended the season as Eastern Townships Champions.

This, the summer term, sees Williams House none the less prominent in every field. Trenholme represents the House on the Junior track team and recently competed in the Eastern Townships meet at Stanstead. In addition to this Moreland, Spafford and Stoker II are all inveterate cricketers and they may be seen in attendance at the Headmaster's early morning creases any day of the week (except Sunday).

Besides these sporting activities Williams House comes to the fore in other fields. Blair is an active Business Manager for this issue of the Magazine and has spared no effort to make it a success. Also a member of the Magazine Staff is Shaughnessy, who occupies the position of Treasurer.

The end of the year is drawing nigh and the boys of Williams House are spending their last days within its walls. We would all like to thank our Headmaster and Mrs. Patriquin for their many kindnesses to us and our deep appreciation of a year well spent under the roof of Williams House.

### CHOIR NOTES

The report of the activities of the Choir in the last number of the magazine appeared in Chapel notes. Mention should be made of the visit of the Primate to St. Peter's, Sherbrooke, when our choir occupied the choir stalls for the afternoon service which was broadcast through station CHLT. From the many favourable messages we have received the work of the choir was apparently much appreciated.

At the request of the Rector of St. George's Church, Lennoxville, the Venerable Archdeacon Jones, we sang the school's Carol Service, repeating the music at our own service the following day in chapel.

During the Lent Term we have rendered several hymns not generally well known, but of genuine worth. A new Communion office by Goldsmith and the music for the Litany have been very well sung. Descants and part singing have lent additional interest to our work.

On one occasion, evensong was brightened by the use of the trumpet played very effectively by Bennett. The experiment has led us to believe that in certain hymns, the trumpet (not used as a solo instrument) may be very inspiring when well played, especially as our organ does not contain a trumpet stop.

Several members of the choir took advantage of the visit of Dr. Sydney Nicholson to Sherbrooke to hear his instructive address to a massed choir. We learned a great deal about the pointing of the Psalms from the Parish Psalter and of the splendid work of Dr. Nicholson in promoting more beauty, sense and reverence in the music of our Church services.

Our choir continues its good offices and we are glad to extend to the following members of the choir of 1937-1938 our sincere appreciation of their services.

## Commonwealth Club

Our activities have been rather limited this term since the members of the Club are all sixth formers, who are endeavouring to use their spare time to the best advantage !!! But nevertheless, through the efforts of our President, we succeeded in having Senator Hugessen come out of his way to enlighten us on the topic of "Canada economically and politically."

In his discussion Senator Hugessen made us familiar with some of the problems which confront the Canadian people in their struggle for sound economics and politics. He emphasized the fact that we had to cope with the bad geographical arrangements of the country which tend to make inter-provincial trade relations difficult, and which alienate the feelings and outlook of the different sections of the country.

He dealt on the racial problem, which he pointed out, tended to create bitterness amongst the population, but which could be solved by good-will and tolerance.

Senator Hugessen then turned his attention to the problems of government itself. And we all agreed on the point that Canada was a difficult country to govern, and to govern to the satisfaction of all the diverse elements.

"For forms of government let fools contest;  
Whate'er is best administered is best".

We were all very thankful to Senator Hugessen for his most interesting information and we showed our appreciation by bombarding him with our inquisitive questions. For it is not every day that we get the opportunity to have our questions concerning politics answered by so competent a man.

SKIING.

Taken by the Camera Club.

## CAMERA CLUB NOTES

At the end of last term Mr. Grier asked for entries in a competition of ski pictures, offering five dollars to the winner and two-fifty to the runner up. Six pictures were required, three of the Prep. and three of the Upper. Owing to insufficient entrants it was called off, but incorporated in a grand competition to be held at the end of this term.

Since many of our most enthusiastic members are taking their "Matric" they have paid more attention to studies than to photography. We hope before this term ends to select pictures which will be used in next year's calendar.

Several of the more advanced members have used the School Leica with surprisingly good results. It is interesting to note that in this issue of the Magazine many pictures were taken by Camera Club members.

It seems that our honorary president has beaten us all to it this term, by succeeding in getting the best pictures. (Of course, he has had more time).

As many of our members are leaving this year, we are thinking of calling them, "Camerads" (from camera addicts, P.McG. S.) So in the future we will recognize a Camerad as a member of the B.C.S. Camera Club, which for the last three years, has flourished extremely well, especially after a lapse of many years.

May we take this opportunity to wish all members who are leaving us, the best of luck in their future picture taking, and hope they will criticize at any time the Camera Club's efforts. So to them we say . . . . "Good Snapping".

### THE B. C. S. ORCHESTRA

In September, the B.C.S. Orchestra met again to begin its second year's activity. Under the expert leadership of Mr. Moffatt, it played very well, having had one year's experience. It presided at the Prep. Plays, drawing praise and many encores. Altogether it has worked very well, giving, we hope, enjoyment to others as well as to the members. We were very fortunate in having two expert pianists in the persons of Phelps and Stairs; while Taylor with his Saxophone kept the melodies going splendidly. In the string section Mr. Moffatt and Gass II played 1st and 2nd violins, and Johnston with his Hawaiian Guitar and Mandolin collected arrangements and saw that we stayed with them. The brass section was upheld by Bennett, who with his new trumpet and mute played a leading part, while Lindsay I playing the slide-trombone, kept the bass parts going. Last, but not least, we have Goodson on the trap-drums (thanks to R. G.) who kept up the tempo and put "life" into the Orchestra.

Next year, although some of the members are leaving, we hope the orchestra will gain further recognition.

### THE RECITAL

On April 30th the friends and boys of the School were entertained with a concert given by the music students. It was such a success that it will probably become an annual event.

Everybody did his part well and thanks are due to each one for his hard work and co-operation.

Special mention must be made regarding Miss Allen's beautiful renderings on the Hammond Organ and David Atkinson's lovely negro spirituals.

Thanks are due to Mr. Lord who so kindly lent us the organ and to Miss Allen, who was presented with a bouquet of flowers in appreciation of all her work, also to Messrs. Havard and Moffatt, who were responsible for the evening's entertainment.

## No. 2 BISHOP'S COLLEGE SCHOOL CADET CORPS

## NOTES

## REMEMBRANCE DAY PARADE

The Corps supplied the Guard of Honour to the Cenotaph, on the Lennoxville Remembrance Day Parade. Under the command of Cadet Captain G. Buch the Guard performed their various evolutions, and handling of arms, with polished unity, and were the subject of many congratulations. The Honour Roll of the Corps was called by Cadet C.S.M. P. T. Molson, who performed this sad duty with a dignity and distinctness that was very impressive.

## WINTER TRAINING

Winter training has been facilitated by the removal of the wire grid, which separated the Assembly Hall from the Gym. The hall is now 120 ft. x  $45\frac{1}{2}$  ft.

Each recruit was placed under the charge of a trained cadet, who was held responsible for the recruit's efficiency in rifle exercises, and foot drill. This system produced excellent results, both in the efficiency of the recruit and the character building responsibility to the cadet.

#### UNIFORM

When new uniforms were obtained much difficulty was experienced in obtaining cloth of the same shade and texture. This difficulty was overcome by the Headmaster, who had a reasonable quantity woven by the Paton Mills, Sherbrooke.

#### CLASSES OF INSTRUCTION

Three classes are at present under instruction in Semaphore Signalling, Morse (Lucas lamp and telephone), Lewis Gun (Anti-aircraft, defence).

#### ANNUAL INSPECTION

The Annual Inspection takes place on the 8th of June, on the School grounds.

#### MINIATURE RIFLE SHOOT

The various shooting competitions are not completed up to the time of going to press, owing to the Range being included in the landscaping of the new Preparatory School. A new outdoor range is being constructed under the supervision of Cadet B. F. Lynn, in the Quarry, on the footpath to the Swimming Pool. Remember, the New Kids concerts were held there.

#### RECORD

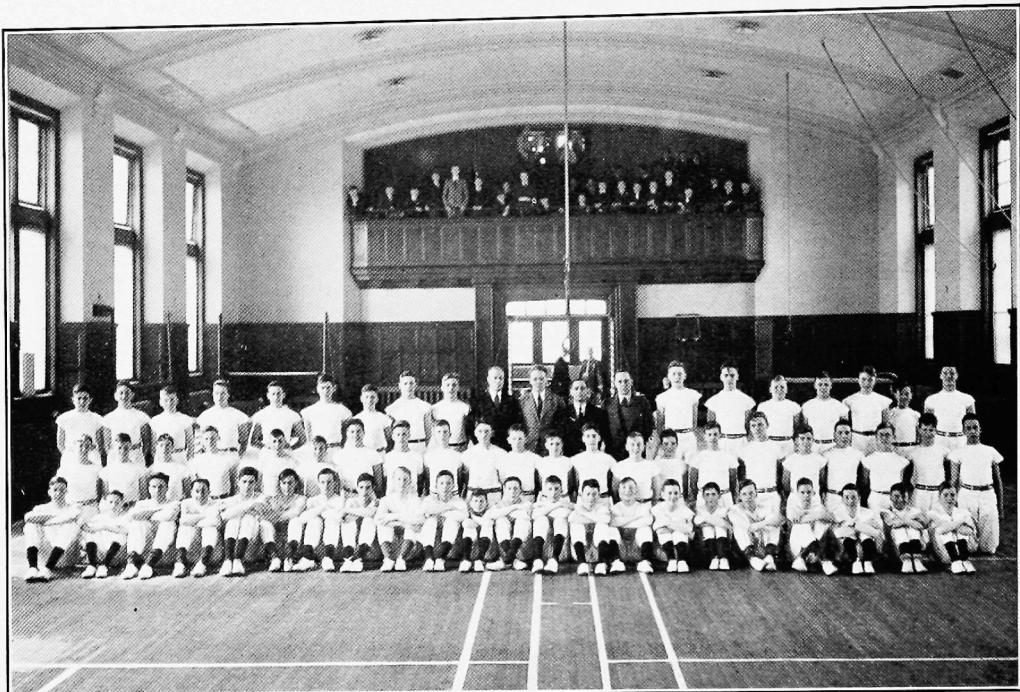

We are proud to be the oldest Cadet Corps in Canada, and the only Canadian Cadet Corps with War Honours, Fenian Raid. To members of the Corps serving at that time, were issued War Medals for this campaign.

#### BAND

Under the able leadership of Cadet Bugle Major H. H. Bennett, who is keenly interested in his duties, helped by the fact that he is a musician (cornet), the Band have produced several new tunes, other than the old Nos. 1, 2, 3, 4, and more important, a time that can be used for marching to. Our thanks to the Band for their efforts to help us through the coming inspection.

Old Cadets who knew Corpl. Instr. W. H. Fisher (Herb.), R.A.S.C., son of Lieut. Instr. W. H. Fisher, will be pleased to learn that he won the Flyweight Boxing Championship of the British Army, at the Albert Hall, London, in March of this year.

GYMNAStic COMPETITION.

### THE GYMNASIUM COMPETITION

On April 2nd of the Easter Term the annual Gymnasium Competition was held with good results. There being no senior class, the best performer was W. G. Anglin, who won the intermediate with 200 points. 2nd was D. J. Dodds with 186 and 3rd G. Beckett with 182.

In the junior class, competition was keen, but as only the Middle School is eligible for prizes J. Nixon took 1st place with 182 points. R. Collier came 2nd with  $182\frac{1}{2}$ , while I. L. Sewell and H. Thornhill tied for 3rd with 179. The Martin Cup for the most improved gymnast went to C. A. Winser for his good work. The best Upper School boy in the junior class was P. Byers with 192 points.

E. E. C

### THE BADMINTON TOURNAMENT

At the end of the Easter term a very successful Badminton Tournament was held, with competitions for both singles and doubles. There were many entries and the games were closely contested. In the singles the finals brought together P. Hertzberg and G. Black and the winner by a score of 3 games to 1 was P. Hertzberg.

The Doubles tournament was also well contested, with many close games. The team of the Headmaster and D. Stewart met P. Hertzberg and G. Black in the finals and won by 3 games to 1. It is to be hoped that similar good tournaments will be held in the future. A tennis tournament is now in progress.

## THE TRACK TEAM

On May 22nd the B.C.S. Track Team made an excellent showing in the Eastern Townships' track meet, coming 2nd to a strong Stanstead team, in a field of 16 teams. Standouts for Bishop's were Sid Schafran and Bill Doheny, who tied for and won the senior and intermediate aggregates respectively. The team made several new records, the best of which was the 1 minute and 42 seconds of the 880 yard relay team in the intermediate class by Stewart, Norsworthy, Winters and Doheny. Other winners were:—S. Schafran, 1st in the senior 220, 100, and broad jump; the senior 880 yard relay team; W. Doheny in the intermediate 220 and 100 yards setting a new record of 24.4 seconds in the former event; D. Stewart in the intermediate 880 yards; the junior 440 yard relay team, and the midget 440 yard relay team. R. Grier placed 3rd in the senior mile; as did the mile relay team; W. Anglin took 2nd place in the senior high jump; D. Gass came 2nd in the intermediate broad jump; W. Howe ran 3rd in the junior 220; R. McMaster of the Prep. came 2nd in the midget 50 yard sprint, and R. Black took 2nd in the intermediate 100 yards.

P. T. MOLSON  
SECOND IN THE PROVINCE IN MCGILL MATRICULATION, 1937

## Seventh Form Notes

### PERCIVAL T. MOLSON.

"Pete" came to us from Selwyn House in '35 and soon proved himself to excel in games and study. His first year he was a goalie on Midget B Hockey team, and when the summer term arrived he showed his prowess at cricket on the Under XVI team. On prize day he came out on top with the second general proficiency prize and the history prize. His second year he was elected captain of third football team, and in the winter term was made a member of first hockey team. That spring he made first cricket team as wicket-keeper and did much good work for the team. He won the Strathcona Medal for the most efficient cadet in the corps. At the beginning of the next year it was found that P. T. had won the Governor-General's Medal and had come second in the Province in the Junior Matriculation exams. This fall he came back as a prefect, and was a member of second rugby team. He again made first team hockey and first team cricket. This year he was sergeant-major and fulfilled his duties nobly. Pete has been prominent in musical circles, having been a bass in the choir for three years. He is also President of the Commonwealth Club. So wherever he goes we wish him the best of luck and happiness.

G. D. G.

### GEORGE D. GASS (ZEKE).

George came to us from the Maritimes in September of '35. He was a most useful member of third team rugby, though some weeks with second team. He showed himself a keen hockey player, making midgets his first year. The next term he made the Track team. He is a good worker, passing into the Sixth Form at the end of the year and winning a prize for Physics, at which he excels. Last year we all welcomed him back again and were glad to hear that he had been made a head boy of Chapman House. He became captain of 2nd team rugby. An ardent member of the Debating Society, he was elected chief Secretary. He played for second hockey team, but his season was unfortunately cut short by an attack of measles. This year, having successfully passed his Junior Matric., George is back in the Seventh Form, taking Senior Matric. He is Prefect for the Seniors. George was elected President of the Debating Society, a position which he has handled very efficiently. In the sporting line, George made 2nd rugby, 2nd hockey, and 2nd cricket, and also distinguished himself on the Track team. George also has many other pursuits, among them the piano and the bugle. George is an all-round sportsman, and liked by everybody, and so we are confident that wherever he goes he will be entirely successful, and we all wish him the very best of luck.

P. T. M.

**HUGH MACKENZIE (MAC).**

Hugh came to B.C.S. in 1935 from Selwyn House. He immediately began to show his keenness in all sports and excelled in his studies.

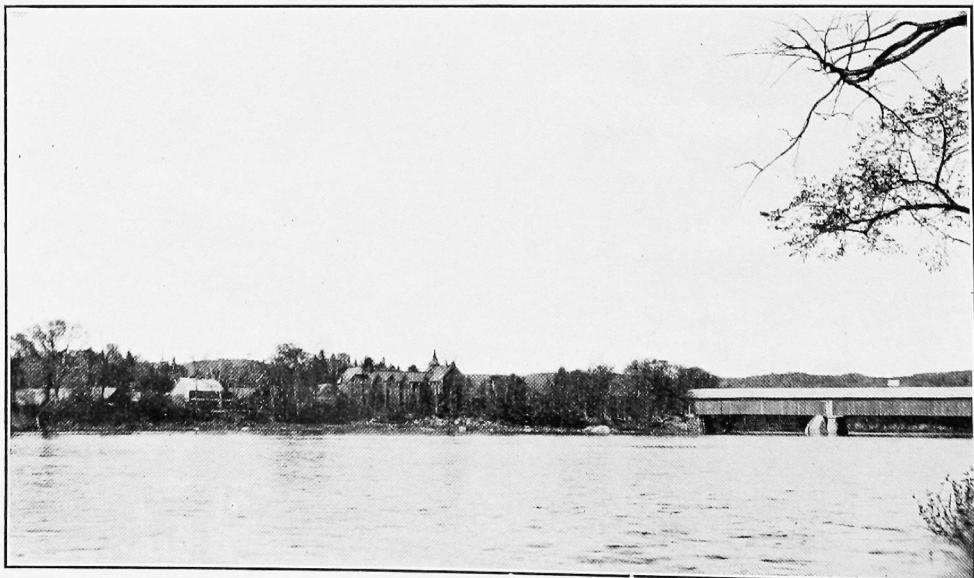

In the following year he was made a lance-corporal in the Cadet Corps and in his Matric. did very well. This year Hugh was made a Head Boy and was promoted to Corporal in the Cadet Corps. He captained the second Cricket XI. During his years here Hugh developed into an excellent photographer. He was also in the Choir for two years. Mac is now leaving for Bishop's University where he will take his B.A. Good luck, Mac.

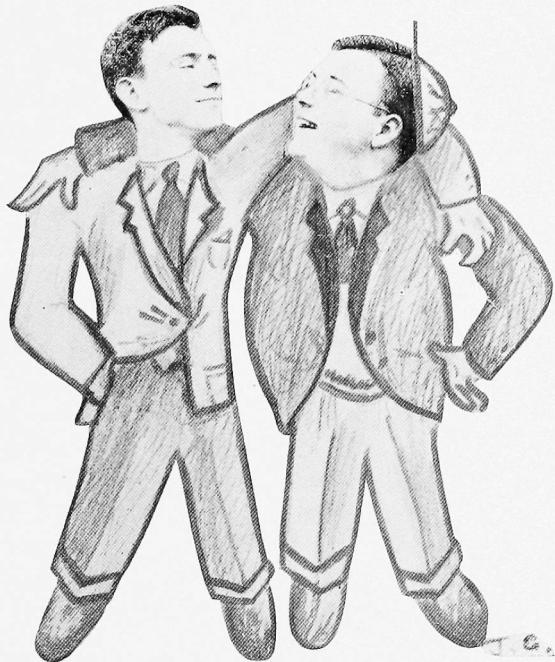

C. L. T.

**CHARLES LESTER TOMLINSON (LES)**

Les came from Selwyn House in 1935, and made third rugby team, midget hockey team and Under XVI cricket. Last year he fractured his arm early in the season, and was excluded from sports, much to his disappointment. During this period of inactivity, Les took up photography in a big way, and is now secretary of the Camera Club, and one of the school's best photographers. Having matriculated in Science, Les returned to the Seventh Form, was promoted to a Head Boy, and working for his Senior matriculation, is rapidly becoming a second Einstein. His arm being still weak, Les was unable to play football, but he played Second team hockey and was on the Ski team. This spring he played Second XI cricket, and was twelfth man for first team. Les is trying to decide between McGill and Bishop's University for next year, but wherever he goes we wish him all success.

## Six-A Notes

*"Amongst a grove the very straightest plant."*

### WILLIAM DOHENY

Bill's advent within these walls was a long time ago for he is now completing his eighth year in Lennoxville. In these years all who know him have learned to value his very real qualities of friendship, loyalty, and good sportsmanship. In his last year in the Prep he was on all first teams. In the Upper school his athletic activities have been football and track in both of which he excelled. However, Bill's interests have not been only in sports. Last year he was an officer in the Cadet Corps, where his ability of leadership manifested itself. A debater of considerable ability, he was the very efficient president of the Debating Society last year, but this year he refused the presidency although he continued an ardent member of the Society in preference to all other clubs. The Fine Arts have his complete affection, and his present intention lies in the selection of a career in Architecture. Last year Bill was a prefect; this year he is "head prefect" in which office his coolness, sympathy and understanding have made him worthy of the name he bears, and have justified the trust and confidence placed in him by all. And so, as Bill leaves us, all who have come in contact with him at the school, wish him a very successful voyage through life.

G. E. B.

*"Sans pour, sans reproche."*

GEORGE ERIC BUCH.

Out of a Cuban revolution in 1928, George came to the Prep where he at once showed his ability. His last year in the Prep he was head prefect, and on the Cricket XI. In 1933 he passed into the Upper where he again showed his good nature (always smiling), and dependability. He took a great interest in all school activities, including the Debating Society, and the Camera Club in both of which he held high positions. In the summer term of '36 George was dubbed a head boy. The next year he became a prefect, but was absent after Christmas owing to sickness from which he recovered as hail and hearty as ever—deus gratias. This year he was made head prefect, where he has shown all that is required in leadership. He made the Cricket XI, and is an officer in the Cadet Corps. George has also been responsible for the business work behind the last three issues of the Magazine, which is a difficult task. And so at the close of his tenth year—oldest inhabitant—George leaves us with a view to medical research where all his friends hope he will continue his well commenced life.

Und dazu ward ihm der Verstand . . ."*—Schiller.

HON. W. G. SHAUGHNESSY (SHAG.)

"Shag" joined the Irish group at B.C.S. in September 1935. A good athlete, he made 3rd football team and in the winter term played Bantam Hockey where he used his weight well. Next term saw Shag on the Junior track team taking part in the meet at Stanstead. The following year he was promoted to 1st Crease where he was a substitute for 1st Team until he received a leg injury at Ashbury. During the hockey season Shag played a dependable brand of hockey on the defence for Midgets "A".

In this, his final year, Shag is prefect of Williams House. He succeeded in getting his 1st Team colours, displaying unbounded energy throughout the season. A defence-man on Midgets "A" his robust bodychecks helped his team towards the championship of the Eastern Townships. Besides these activities in the field of sport, Shag has found time to be an active member of the Debating Society, having won the Society's Medal last year and this year being elected Chief Secretary. He is also Treasurer of the School Magazine and a dependable drummer in the B.C.S. Band. Taking his Matriculation this year he hopes to attend Cambridge University. We all wish him the best of luck in the future.

*"The Pink of Perfection."*

HORACE FRANK PACKARD (PAT; RUSTY).

Pat has been at B.C.S. for the past five years, and what a good cheery friend he has been to us all. A real good all round fellow, distinguishing himself in every way. He spent one year in the Prep. and was a great asset to all of their first teams. The following year he entered the Upper and occupied himself with his New Kid duties and the Under-Sixteen Cricket Team. Once on his own Pat kindled his flair for sports, and started the hard climb to glory by playing hockey for Midgets A and was in the Frist Cricket Eleven. By the beginning of his third year in the Upper he was made a Head Boy and a Corporal

in the Cadet Corps. He played rugby for 2nd Team and was on the First Teams of both Hockey and Cricket. This year Pat was made a Prefect and a Lieutenant in the Cadet Corps. He was an excellent Cricket Captain for the First Eleven, he played a swift game for First Hockey Team and was a reliable sub on the First Team Football.

Pat plans to go to R.M.C. next fall. Good luck, old boy. Au revoir.

E. L. P.

#### ERIC PHELPS.

Among the new kids of 1935, Eric made his appearance, going his own quiet way all the year, keeping himself out of trouble. He topped the year by coming first in his class. The next year he started off by winning the Junior cross-country. He also entered the choir and became one of the stalwarts. In the boxing competition he won the middle-weight championship and he also made the ski team. This year Eric came back a prefect, again making the ski team. He also became greatly interested in Dramatics and has helped the Dramatic Society a great deal. Eric plans to go to McGill and we all wish him the best of luck.

H. F. P.

*"Love makes fools of us all, both big and little."*—Thackeray.

#### HENRY GRINSTAD.

One calm evening in September 1934, there was wafted over the hills from East Angus, amongst other things, Finn Henry Grinstad. He entered 3-B, but was soon promoted to 3-A in which he distinguished himself by coming second in his class. He played on the championship Bantam Hockey team, and reached the final round in Junior Tennis. The following year in 4-A he was again second in his class, played Midget hockey and won the Junior Tennis Doubles Cup. The next year he was created a Head Boy, was sub. for First Team Hockey and ranked fourth in 5-A. This, his last year, he played Second team Football, was on First crease Hockey, a Prefect, and a member of the select Commonwealth Club. "Hank" plans to go to Bishop's University next year, where we all wish him continued success.

*"I must go down to the seas again, to the lonely sea and the sky,  
And all I ask is a tall ship and a star to steer her by,  
And the wheel's kick and the wind's song, and the white sails shaking,  
And a gray mist on the sea's face, and the grey dawn breaking."*—Masefield.

#### HENRY HARRISON BENNETT.

Harrison entered 3-A in the fall of '34 and in his first year he made the Under-Sixteen Cricket XI. In his second year he began to show his ability in all branches of sport, captaining the Third Football team, was goaler on Midget "A" Hockey team and made the XI-A Cricket team. He was made Secretary of the Debating Society and also of the Magazine. In '36 he made all second teams and was appointed Business Manager of the Magazine. This year Harrison was appointed a Head Boy and promoted to Band-Major in the Cadet Corps. He played the trumpet in the School Orcheestra. He was quarter on the First Football team, sub-goaler on the First Hockey team and on the second Cricket XI. Harrison expects to go to McGill next year and we all wish him the best of luck.

F. H. G.

*"And I have laboured somewhat in my time."*

#### WARREN MACAULEY HALE.

In his first year Wal distinguished himself on third football team and midget hockey team. In Wal's second year he was promoted to first hockey team where he proved a very useful player. This year Wal was made a head-boy. In sports he did very well, making first football team and first hockey team. Since he does not play cricket he is on the track squad and an outstanding runner at that. Wal is also an active member of the debating society, and is on the magazine staff. Next year Wal intends to go to McGill and we all wish him the best the luck for the years to come.

C. A. D. B.

*"Zealous, yet modest."*—Beattie.

#### HUGH H. NORSWORTHY (NORS).

"Nors" began in 5-A at B.C.S. in the fall of '36, and got off to a good start by making the first football team. He then made Midget "A" hockey, and second cricket eleven. This year he is a head boy, and was elected captain of football. He also got his colours for first hockey team. He is a prominent member of the choir, and has recently been made a lance corporal in the Cadet Corps. "Nors" hopes to matriculate in June, and come back in the 7th next year to continue the good work.

G. A. W.

*"Use him well, and he's a hearty fellow . . ."*—Dickens.

#### GEORGE ARTHUR WINTERS

George arrived last year via Selwyn House and immediately received the nick-name "Elmer".

"Elmer" took up football with much zest, and promptly made the second team. His first hockey season he was a stalwart Midget "A" defenceman, when the measles epidemic caught up with him, and put him "hors de combat".

This year, George played middle on the first football team, and for his pains, was made a senior. George also played a few games for the first hockey team, and has shown himself to be quite a runner.

As to the future, George is undecided, but "Best o' luck, Elmer" wherever you go.

H. H. N.

*"A constant friend is a rare thing and hard to find."*

#### GORDON DOUGLAS POWIS.

"Poo" entered B.C.S. in the fall of '36, and, unable to play football, he immediately made good in his studies and was promoted from 4-B to 5-A. In the winter term "Poo" was a substitute on second hockey team, and won distinction in the Cadet Corps and in the Gym. Competition. In the spring term he was appointed to the Colour Party and played cricket on Third crease. This year "Poo" was plunging half on First football team and was made a Senior on account of his good work in this department. He repeated on Second hockey team, won the heavyweight boxing championship of the school, and was appointed corporal of No. 4 platoon. This term, although he is taking track, "Poo" is devoting most of his time to studies. He hopes to matriculate and attend U.N.B.

J. S. A.

## JAMES H. F. KENNY.

Jim arrived at B.C.S. in the winter of '32 and spent two years in the Prep, during which time he was on all Prep teams. He also had an enviable boxing record by winning his weight four times in six years. In his first year in the Upper he came first in the Junior Gym. Competition. He was on the 1st Cricket XI last year, but unfortunately, owing to a broken thumb he was unable to play this year. He has been in the Choir for five years and is a lieutenant in the Cadet Corps and commander of the machine squad. He is uncertain about his future, but whatever he goes in for we wish him success.

P. McG. S.

*"Music arose with its voluptuous swell."*

## GILBERT MORROW SINCLAIR STAIRS (GIB.)

On September 12th, 1936, the School first heard a series of joyous sounds issuing from the music room. It was discovered that one "Gibby" Stairs, a new arrival, was the artist. Since then he has been our leading pianist, and a prominent member of the orchestra. Although a keen naturalist, finding great delight in the woods, he has successfully maintained positions, both on the third football team, and on the second hockey team. A valuable member of the Dramatic Society, he gave a splendid performance in the autumn plays. Last, but not least, he is a good scholar and should do well at McGill next year. And so it is with deep regret and a sincere wish for continued success, that we bid farewell to a very fine friend.

R. MacD. B.

*"It is the amount of actual work a man does that shows his true value."*

## HARRY MEREDITH BURGESS.

"Tim" came to Bishop's from Selwyn House in September, 1936, and immediately distinguished himself in his work by leading 5-A at Christmas. In his first year he made the Bantams as well as the Under-Sixteen cricket XI. At the end of the year he took the special prize for French and the 1st place. This year he was on the Midget Hockey team and is playing good cricket; he is also a valuable member of the Debating Society. After getting his Matric. Tim hopes to attend the 7th and eventually become a chemical engineer. Whatever he takes up we are sure he will succeed.

E. E. C.

*"Si jeunesse savait, si vieillesse pouvait."*

## CHARLES ANDRE DESBAILLETS.

Charlie came to the school in September '35. He entered the fifth form and immediately possessed the attitude of a scholar. In his second year he was placed on second football team and was an ardent member of the track squad. In the latter he ranked second in both the mile and the half mile races. This year Charlie gave up football to take up roadwork, and he was promoted from Tyros to second crease in hockey. Charlie expects to go to McGill and we all wish him the best of luck there. Adios, Carlos !

W. M. H.

*"With thee conversing, I forget all time."*

## EDMUND EGAN CHAMBERS.

"Egan" set up his standard at B.C.S. with the rest of the Selwyn House contingent in 1936. After coming first in 5-B at mid-term he was speedily moved to 5-A. In his

first year he made 4th football team and Midget hockey. This year he made 3rd football team, 2nd hockey team, and is trying hard at cricket. Egan is working hard at his Matric. and we wish him all the luck in the world. After his Matric. he hopes to become a statesman and settle the troubled affairs of the world.

H. M. B.

*"A friend may well be reckoned the masterpiece of nature."*—Emerson.

**HUGH WYNDHAM SETON (HUGHIE)**

Hughie came to B.C.S. at the beginning of the Lent term in 1937 and was placed in 5-A where he soon excelled himself as a student. He passed his year, coming within the first five of the form and took the special prize for mechanical drawing. He was promoted to 6-A this year where he is taking his matric in science.

In sports Hughie played for Midget's "A" and exhibited a fine brand of hockey during his first year. In the spring he played for third crease cricket, but shone on the tennis courts. This fall Hughie played regular for second football team and proved a valuable substitute for first. Throughout the hockey season he again showed his ability as a hockey player and played for first team. This spring Hughie has returned to his favorite game on the school courts and is also a member of the track crease. Hughie has not, however, neglected his studies while taking part in the school activities and has done very well in the school exams. He hopes to take a course in aeronautical engineering next year and we all wish him the best of luck both in his matric and college career.

H. R. F.

**PATRICK McG. STOKER (PAT.)**

Pat celebrated his entry into the Prep by making both rugby and cricket teams his second year there. Passing into the Upper in 1934 he became a pioneer member of the Camera Club. He has been an active member ever since, and therefore is now, deservedly, the Club's president. Pat debated for two years and then his thoughts turned to carpentry. We suspect that the latter has more practical application for picture-taking, than the former. Pat has risen from the ranks of the cadet corps to the post of sergeant; one of the most faithful members of the choir, he has remained in it ever since his arrival in the Prep in '31. Pat hopes to enter McGill next year, with the object of becoming an architect. We all wish him every success in his future work.

J. H. F. K.

*"E'en though vanquished  
he could argue still."*

**JAMES STUART ALLAN.**

Stuie made his debut at Bishop's in September '36. He proved to be a good student and, in the reorganization of classes, made his way from 4-B to 5-A. Here, however, he began to show his distinct tendency towards mischief! In sports he made Midgets hockey team and subbed for first hockey team. He also won the "Doheny" medal for debating. This year he played quarter-back on second football team and left-wing on first hockey team. In 6-A he stands near the top of the class and hopes to graduate into McGill next fall.

G. D. P.

"*The Lunatic, the Lover, and the Poet,  
are of imagination all compact . . .*"—Shakespeare.

### PETER HERTSBERG.

In September, 1934, the school welcomed no less a person than Peter Harboe Anderdon Hertzberg into its midst. He began his academic career in 3-A. While in his first year, besides playing Midget hockey, he was a member of the First cricket eleven, an honour attained by few boys in their first year, a position he has admirably filled ever since. His second year, in 4-A, he played Third team football, Midget hockey and was made a Lance Corporal in the Cadet Corps, and besides playing on the First Eleven, he ably captained the Under-Sixteen Eleven. The following year in 5-A he was promoted to Corporal, and also won a rifle award for marksmanship. This, his last year, he was made a Head Boy, an Officer in the Cadet Corps, and would have played on the First Eleven again, but due to a desire to lead the Province in Matriculation, left after Easter to continue his studies elsewhere. His plans for the future, I believe include R.M.C., but wherever he goes, we are all for him.

H. H. B.

## Six-B Notes

### IAN ALDOUS MACLEAN (MAC.)

The year 1930 saw Mac make all Prep. teams. These successes led to his becoming a prefect the next year, as well as captain of rugby and hockey. He followed this up by becoming heavy-weight title-holder of the Prep. Mac founded the Prep Dramatic Society and actively participated in its productions. 1933 was Mac's New Boy Year in the Upper, which he survived successfully. He made third team rugby from which he has since risen to snap on first team. Moreover, he mounted from Midgets hockey to Captain of Second team. His talents in the field of dramatics showed themselves as each successive "follies" production was acclaimed. As a member of the Ski team this year he represented the school at North Hatley at various ski meets. In the Cadet Corps Mac worked his way from Lance-Corporal to become an excellent Commanding Officer of the corps. He accompanies this military rank with the civil rank of Prefect. McGill is his present objective and there we wish him all luck.

J. S. T.

"*Semper Idem*"

### GARTH BECKETT.

Garth made his first appearance at the school in September '33. Unable to play football, he shone on the Midget Hockey Team his first year. In his second year he made a place on the Second Hockey Team. His third year saw him as a head boy, and a sergeant in the Cadet Corps. In this, his last year, he is a prefect, on the Ski Team, and the Cricket XI. As a skier, Garth is one of the best in the school—he tied for the Whittall prize, the highest award for skiing ability in the school.

It is Garth's intention to enter the R.A.F. where we all wish him happy landings.

G. E. B.

*"Done to death by slanderous tongues."*

**PHILIP MOWAT (FLIP).**

Phil came to B.C.S. in 1934 from Princetown. He entered the third form and played on second football crease. The following year he made the third football team, and played for the Tyros in hockey. Last year Phil was made a headboy and played for second team football. He is a Prefect of Chapman's House this year, and again played on second football team. He is also a corporal in the Cadet Corps. He hopes someday to be a writer, and whatever he does we wish him all the luck possible.

R. McD.

*"He only is well made who has a good determination".*

**SIDNEY SCHAFRAN (SID)**

In the fall of 1935 B.C.S. welcomed to its vast interiors Sidney Schafran, who was a promising New Boy. The first term was unlucky for Sid as he broke his arm while scrimmaging on first crease. Missing both football and hockey due to his injury he made up for this inactivity by turning out to be one of the schools' best track stars.

Next year Sid made first team football and was the winner of the Boswell Cup for cross-country running.

This September Sid returned to find himself appointed as one of the Prefects at Chapman's House. This being his final year at B.C.S. he hoped to make it one full of work and sports, but was hindered by another accident on the football field. At the Stanstead track meet he won the 100 yd. dash, the 220 and the broad jump. Sid gained rapid promotion in the Cadet Corps by being made a Sergeant, a rank which he retains this year. He has been in the choir for three years and was Secretary-Treasurer of the Commonwealth Club for 1938. Sidney is undecided about the future but we all hope he will get his heart's desire.

W. G. A.

*"How my achievements mock me! I will go meet them."*

**WILLIAM GEORGE ANGLIN (BILL)**

B.C.S. was provided with one more asset when "Big Bill" walked nervously into its great halls for the first time in the year 1935. Bill soon settled down to the life of a "new boy" and school activities.

He played second team football and hockey, and placed 2nd in the second class gym. comp. He was runner-up in the middle weight boxing. Bill also had the distinction of being the only new boy in the special squad of the cadet corps. In the spring a young man's fancy turns to love, but Bill's to track and tennis. Again Bill came through by winning the Senior tennis doubles with Lyman.

Bill repeated his first year's achievements by subbing on First team football, again placed second in the gym. comp., and this year took to his skis instead of his skates, being a member of the ski team. Bill was promoted to Senior standing to the pleasure of all.

1937 finds Bill back for his final year, a year which is truly his crowning glory. He returned as a head-boy at Chapman's House and leaves this summer as a prefect. He has been an able member of the choir for the last two years and a member of the Commonwealth Club this year. In football Bill held a backfield position on First team and in recognition of his hard playing was acclaimed as the winner of the Cleghorn Cup. Bill showed his

ability on skis as captain of the ski team and as co-winner of the Whittall Cup. He once again showed his ability in the gym by winning the second class competition.

Bill is at present doing track and working hard for his matric. which we hope will land him safely at McGill.

#### ROYAL McDONALD (MAC.)

"Mac." came to us in the fall of '34 and played on 2nd crease football. However, ill luck befell him, and he broke his ankle, whereupon he retired to the ranks of the "disabled" for awhile. Before long he was again in action and became a prominent figure on that year's ski crease. In the spring he turned out for "Beginners" cricket. The next year he again took part in skiing, and went out for second team cricket. Last year he played for first football team and broke his arm while engaging in a game with the junior team of Bishop's University. Late in the school year of '36-'37, he was appointed Head Boy, which position he has held since. He was also a Sergeant-Major in the Cadet Corps. Whatever he may plan for the Future, we all wish him the best of luck.

P. M.

#### ROBIN ANDREW LINDSAY.

Robin came to us in September 1935, from Selwyn House. He played on fifth football team and next term played defence on the Bantam hockey team. The following year he was a Midget goaler. In the summer term he joined the school orchestra, playing the slide trombone. This year Robin played on third football team, goaled on second hockey team and also played on second crease cricket. He has been on the special platoon since coming here. This year he is a member of the choir. We all wish him the best of luck in his matric. He hopes to return next year to the seventh form.

J. F. E. A. P.

"Zealous, yet modest."

#### HECTOR SUTHERLAND TROTTER.

Hector pulled up at the front steps in September 1936. His home town is St. Johns, Que., and he attended St. Johns High School before coming here. He was put in 5-B and this year was promoted to 6-B where he has been among the leaders of the form. On the football field he has shown his skill. He played on second crease his first year, and last fall he was moved up to first crease and made Second Team. He has also shown his worth in hockey, being on Midget Crease last year, and a valuable player on Second Team this year. Hector's plans for next year are indefinite, but we all wish him the best of luck wherever he goes.

C. A. H.

#### JACK GOODSON.

Jack established himself in the Preparatory School in 1933, by being on the soccer and hockey teams. More than this, however, he won numerous track events which he has continued to do in the Upper. Jack's dramatic ability showed itself when he wrote and acted in the prep plays. In the Upper he worked from third to second rugby teams as well as being on the Midget hockey team. Last year he won the welter-weight boxing

title and "crowned" his year's success by winning the McA'Nulty and Strathcona Cups as well as his form spoon for shooting. Jack debated for two years and then joined the Camera Club. He promptly won the school's "best photography" prize. He is a bugler in the band and has been a smart member of the Special Platoon for three years. He has been a member of the school orchestra for the last two years, and we all hope that he enters McGill as easily as he plays the traps.

**RODERICK McDONALD BLACK (DOAK)**

The Maritimes sacrificed Rory in the autumn of 1935. In that year he won his weight in boxing and played on Third Football Team and the Second Cricket Team. He was unable to show his talent in the hockey season owing to a compound fracture of the left arm. In his second year Rory substituted on First Football Team and took his place for the first time on the Hockey Team, which he was to captain the next year. This year besides being captain of the First Hockey Team, he played brilliantly at right outside on the Football Team and has displayed considerable prowess on the cinder track, gaining a place on the Track Team. Together with his all around ability in the realms of sport, Rory has made a name for himself in the "Ancient and Honourable Society of Debaters", and the Cadet Corps Band. Always "in medias res" at school we all wish Rory the same success in his matric.

**R. D. ROBERTS.**

Dick arrived at B.C.S. in September 1934. His first achievement at school was a substitute position on Second Team football. However, real distinction followed, when by hard fighting he attained the finals of the middle-weight class in the boxing competition. Dick entered the Cadet Band in the first term, and has remained a member for the rest of his years here. In the following autumn, Dick got his Second Team football colours, and attained second position in the third class division of the Gym. Competition. The next fall saw Dick again prominent on the rugby field and he finished the season as First Team sub. Once more his boxing ability came to the fore, and Dick won the light heavy-weight title after a close fight. The summer term rolled along and Dick was among the members of the Special Platoon which went to Montreal for the affiliation ceremonies with the Black Watch. The year 1937-'38 finds Dick working hard for his matriculation. In the fall, however, he found time to play good football, and reaped the reward of First Team colours. The football season over Dick is back at work. We wish him the best of luck in everything.

**JOHN SAYRE TAYLOR (1930-'38).**

John came to B.C.S. at a very early age and entered the Prep. school. In his first year he was discovered to be a promising athlete; in his second year he fulfilled that promise by making all the teams. In his third year, he was promoted to the Upper school. He

won his weight in boxing and made the under-sixteen cricket team. He also got the position of drummer in the band. In his fourth year he devoted more of his time to work, but still kept up his sports; he found a place on third football team and midget hockey team. John's fifth year was his unlucky one at school; he made sub. on first football, but owing to illness he was unable to complete his year. But this year he came back with a bang, making first team football in the position of middle. He is a prominent member of the Commonwealth Club, and is an excellent saxaphone player in the school Orchestra. John, after spending seven happy and eventful years at B.C.S., hopes to end his scholastic life at U.N.B. Good luck, John.

"*Reading maketh a full man.*"

OWEN DONALD LEWIS.

Don came to the prep in the fall of 1928. On account of his family's change of residence, he had to leave us but faithfully returned to the Upper in 1933. A good literary student, he has practically read every book in the library. His first year in the Upper he won the light-weight boxing and came second in his school shooting. This year he is a dependable member of the Commonwealth Club. He has been in the choir for three years; he is also a member of the magazine staff, and senior lance-corporal in the Cadet Corps. He has been in the special platoon for four years. "Louse" as his friends call him, is taking his matric hoping to go to Bishop's University next year. Of course, we all wish him the best of luck and say "au revoir" to a fine student.

*Para las mozas un amor.*"

JOHN FREDERICK EDWARD ALLEN PRATT. (PREZ)

John came to B.C.S. from Selwyn House in September, 1934. He was unable to play hockey or football. However, he played cricket on third crease, and has been a keen cricketer since. This year he was elected the first president of the senior neutral common room. He is also Chronicler of the school magazine. He hopes to go on to McGill and take up law, where we wish him loads of luck, and say "Adios el presidente."

CHARLES ANDREW J. M. HERSEY. (ANDY).

Andy came to the school in 1936 from Selwyn House. He was put in 4-A, but his good work speedily warranted his promotion to 5-A at Christmas. In his first year he made fourth football team, this year he made midget hockey. As a new boy he joined the Debating Society, but this year he turned his talents towards carpentry. Andy's plans for the future are as yet indefinite. He has been working hard all the year with his matric. in view, and we wish him the best of luck.

"*With his eyes in flood with laughter.*"—Shakespeare.

HARTLAND ROSS FINLEY (RABBIT).

Hart commenced his stay at B.C.S. in September, 1936, and immediately proved his worth by gaining promotion from 4-B to 5-A and also captaining the fourth rugby team. Hockey found Hartland still active in the sporting field, attaining a position on

Midgets B. In his first year at cricket, was a member of the Under-Sixteen XI, and, when not playing cricket, exhibited a good brand of tennis. This year finds him in 6-B, and active in all games, including positions on third rugby team and second hockey and cricket creases. Hart does not neglect his studies, however, and has high hopes of attaining his matric, mathematics being his specialty.

### IN THE DARK

The night was black—no sound was heard,  
The wind was hushed, so was the bird,  
A head appeared above the sill,  
A man stepped in—yes, all was still.

The traitor lay upon the bed,  
His face was gray, so was his head,  
But not with age—oh no, indeed !  
With qualms—that only fear can breed.

He slept but soon his eyes did ope'  
And for his knife his hand did grope,  
But no—the man had seen him too,  
He wasn't mad, his aim he knew.

He stared, he blinked, and then he cried  
A scream of terror; deep inside  
His heart did tell the end had come,  
That man, his face, his look, his gun.

A struggle quick, a muffled shot,  
A shriek, a groan—the trail was hot,  
He looked each way, had he been heard ?  
Or had it been a restless bird.

“Traitors may come and traitors go”  
“But you my friend will go below”  
Quoth he, and bowing out of sight,  
Returned again into the night.

## Four = B Notes

First on the list is Monty,  
In class all he does is swot,  
Not Latin or Geometry,  
But Lucas Lamp. Dash-Dot.

Davis is a round young fellow,  
Forty round the waist is he,  
And if "Tuck Shop" you do bellow,  
On the scene he's sure to be.

Now comes Stew, our Romeo,  
At running he is clever.  
For men may come and men may go,  
But Stew goes on for ever.

Eaton is the Fourth Form hero,  
First team hockey player he,  
But at cricket, out for zero,  
Much to his great misery.

Winser is a bright young chap,  
His brain will bring him fame;  
Never does he sleep or nap,  
"The Duke" is his nickname.

There's still to come Dave Seton,  
In riding he comes top.  
He says he can't be beaten;  
In class he comes a flop.

Last on the list is "Piccolo Pete",  
The scribe you must not blame.  
Holt has got two mighty feet,  
That have won him lots of fame.

## WINNERS OF THE ASHBURY OLD BOYS' CUP

The first team entered two leagues this year, the School League, which was won by B.C.S., and the Eastern Township Juvenile League, which was won by East Angus.

The School Team won Six, tied three and lost Five.

### B.C.S. vs. EAST ANGUS

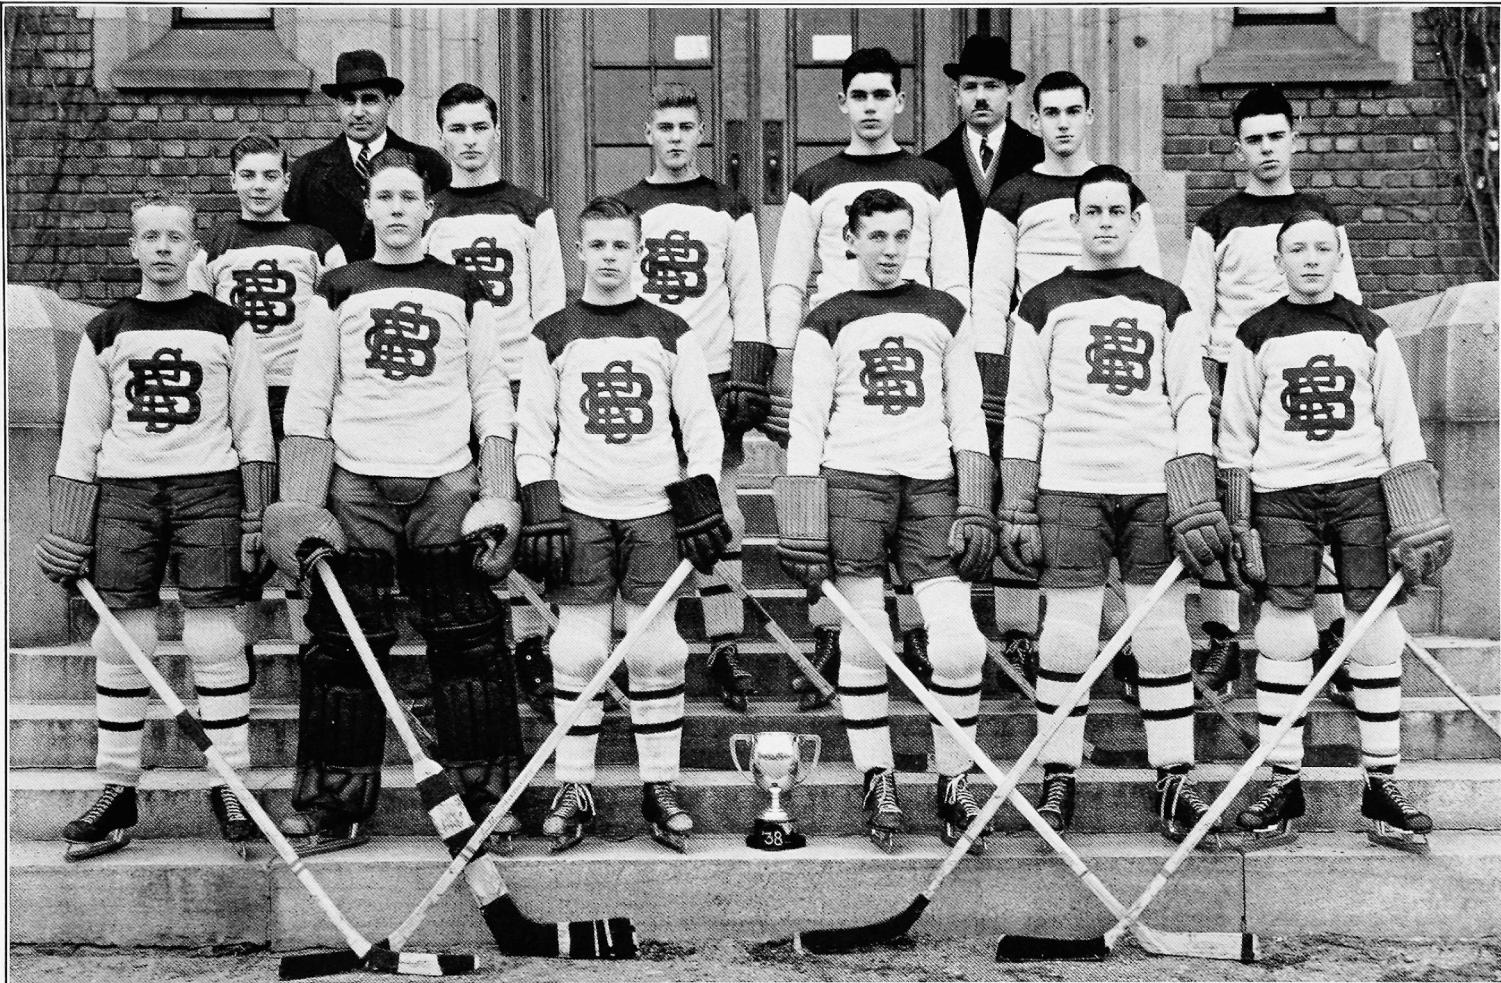

This was the School's first game of the season. The first period ended with East Angus leading 1-0. The second period produced some fine hockey, Bennett playing outstandingly in the nets, and the period closed with East Angus leading 2-0. In the third session Norsworthy scored on a pass from Black. For the remainder of the game both teams played fast hockey and Coulombe tallied twice for East Angus on breakaways, thus making the final score 4-1.

### B.C.S. vs. EAST ANGUS

This game was played on slow ice and consequently the teams played a slower game than at the previous contest in East Angus. The score 6-0 for East Angus did not indicate the play, nevertheless the B.C.S. squad was not up to its usual standard. In the first period Coulombe scored for East Angus. In the second stanza East Angus tallied twice (Coulombe and Currie). East Angus set a very fast pace in the third session and scored three quick goals in the early minutes of the period. This bucked up the school team somewhat, but they were unable to score. The final score, 6-0.

### B.C.S. vs. ST. MICH'S.

The team showed some improvement over their last encounter. The first period went scoreless, however in the second period Norsworthy scored on a pass from Black. In the third session the B.C.S. squad were playing wonderful hockey, but failed to score. St. Mich's tied the score in the last minute to make it 1-1.

## B.C.S. vs. ACES

The game was played on home ice and the school team outplayed the Sherbrooke team by a score of 2-1. In the opening period Allan scored a fine goal unassisted, thus putting the purple and white squad ahead. Halfway through the second period B.C.S. went into a two goal lead when Dodds picked up Allan's pass for a brilliant marker. A few minutes later Peabody scored for the Aces and from then on the game was tense. However, neither team scored. The final score rested at 2-1.

## B.C.S. vs. BROMPTON

The School made a tremendous improvement and produced a scoring punch. Hardly had the first period started when Churchill-Smith tallied for a fine marker, ably assisted by Allan. A few minutes later Churchill-Smith scored again on a fine solo effort. The third goal for the School came at the start of the second period when the red-headed centre scored once again. Eaton soon made it 4-0 for the School when he let fly a beautiful shot to the top corner of the net. In the third period Churchill-Smith opened the scoring on a pass from Dodds. Brompton finally scored in the late minutes of the period, and the score rested at 5-1. There can be no doubt that Churchill-Smith was the hero of the game.

## MIDGET "A"

Eastern Townships Champions, Sun Life Trophy

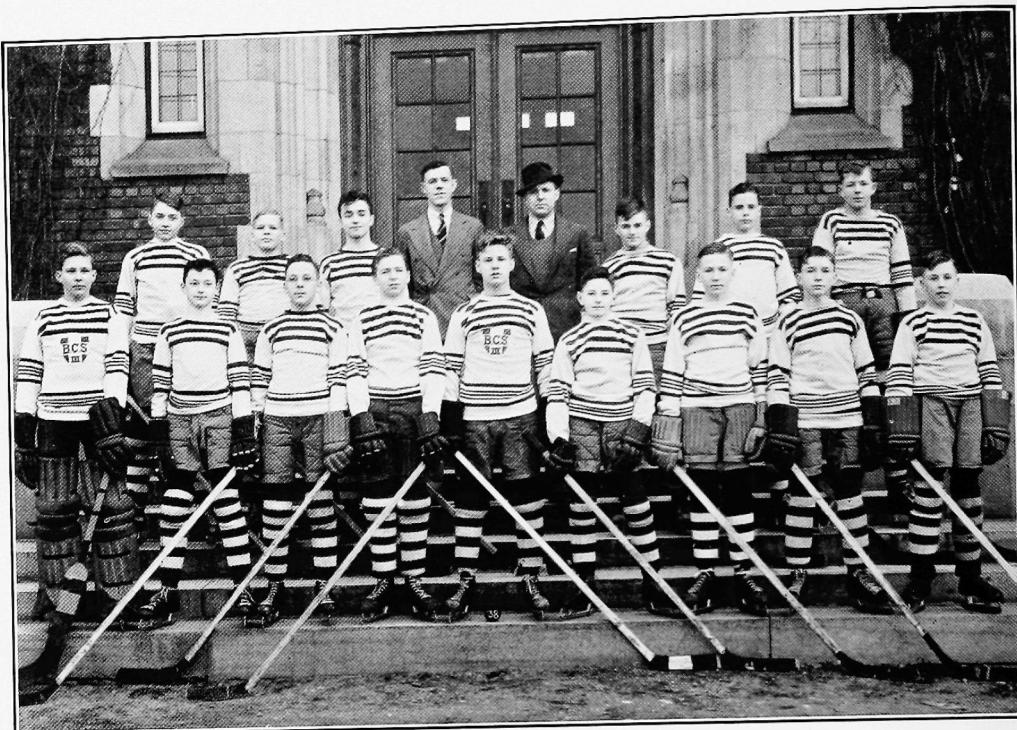

*Front Row—G. H. Day, Hon. W. G. Shaughnessy, F. R. Whittall, C. W. Kenny (Capt.), J. W. Moreland, C. D. Sewell, V. Harding  
Back Row—G. B. Wiswell, B. F. Lynn, P. W. Grier, D. C. Seton, J. G. Patriquin, Esq., N. F. Macfarlane, D. A. Gass, A. L. MacTier*

## B.C.S. vs. L.C.C.

The game was played in Montreal with plenty of thrills and spills. B.C.S. opened the scoring when Churchill-Smith broke away to tally. A few minutes later Buckley scored for L.C.C. on a shot that gave Molson no chance. With less than a minute to play, Hale scored on a lovely pass from McPherson, and the period closed with B.C.S. leading 2-1. In the second stanza L.C.C. scored to put the discussion on an even basis, and it was not until late in the canto that Packard flipped the puck past the L.C.C. goalie. The final score was 3-2 for the School.

## B.C.S. vs. ACES

A tired B.C.S. team played the Aces in Sherbrooke on a very slow sheet of ice. McPherson opened the scoring with a fine shot that caught the corner of the net. In the second period the Aces evened the count and the score remained deadlocked 1-1. The star of the evening was the hard-hitting winger, Sandy McPherson.

## MIDGET "B"

*Front*—J. A. S. Penny, P. D. Byers, W. R. Hale, E. Spafford, H. E. Trenholme (*Capt.*), K. Rapley, G. W. Stairs, H. S. Thornhill,

*Back*—T. B. Stoker, D. W. Stairs, H. M. Burgess, H. L. Hall, Esq., J. G. Patriquin, Esq., I. L. Sewell, A. M. Dobell, J. M. Fletcher

## B.C.S. vs. CANADIENS

The School went into the lead on a goal by Bill Molson, assisted by Black, in the first session, and increased the lead to 2-0 at the start of the second period on Black's tally, after a passing play with Bill Molson and Seton. Canadiens pressed hard and scored two goals before the session had closed. The score at the beginning of the third stanza was deadlocked 2-2. However, Martel tallied for the Canadiens and the score 3-2 remained until Norsworthy's goal late in the third session, which evened the score.

## B.C.S. vs. CANADIENS

B.C.S. outplayed the Sherbrooke team by a score of 2-1. In the first period Molson tallied for a fine count, ably assisted by Black. In the second session, Dodds drove home a beautiful goal; however, a few minutes later Lalonde made it 2-1, and there the score stood for the remainder of the game.

## BANTAMS

E. M. Fisher, J. P. Skelton, F. E. Hawkins, Esq., C. J. P. Ramsey  
 K. M. MacDonald, J. N. Blacklock, K. S. Howard (capt.), V. A. Murray, M. F. Doyle, J. D. Flintoft, R. D. Collier

## B.C.S. vs. ASHBURY

A very exciting game played at the school rink. Ashbury brought down a very strong team and the B.C.S. squad was forced to press all the time. In the early minutes of the first stanza, Bill Molson drove home a well-aimed shot. Norsworthy blasted a beautiful shot to score the school's second goal. Norsworthy's goal was one of the best seen this season. In the third session Phillips scored for Ashbury and from then on everyone was tense. As the final whistle blew the Wiggett men carried off the honours 2-1. In winning this game the school retained the Ashbury Old Boy's cup for the second time.

## B.C.S. vs. BROMPTON

The game was played in Bromptonville, without the services of Dodds, Eaton, Packard, Norsworthy, and P. T. Molson. The goal tending was ably filled by Gordon Black. The first period the score was deadlocked. However, in the second period, Brompton went into the lead 1-0. The third period saw Brompton go into the lead by a score of 3-0. In the last ten minutes of play B.C.S. had the better of the game and Churchill-Smith scored on a pass from Bill Molson. The final score was 3-1 for Brompton.

## B.C.S. vs. ST. MICH'S

A shorthanded B.C.S. squad was downed 7-0 by a powerful St. Mich. team. The first period the score was deadlocked 0-0, but after that the school team lost all their team-work.

## B.C.S. MIDGETS WIN EASTERN TOWNSHIPS HOCKEY TROPHY

B.C.S. realized a six year ambition by defeating East Angus Midget's 3-2 (home and home, total goal series). The B.C.S. Midgets captured The Sun Life Trophy, emblem of the Eastern Townships Midget Hockey League title. The first game of the playoff series was held at East Angus and the two teams deadlocked 2-2. The second game was played before a home crowd and the School team triumphed 1-0.

Our congratulations to Moreland who earned a fine goal in the final game, and to Whittall who fed him with a lovely pass. Our congratulations also to "Happy" Day, who played so well in the nets, and to Mr. Patriquin who coached the team throughout the year. Every member of the team we sincerely congratulate for their efforts in obtaining the championship.

## SCHOOL vs COLLEGE

On Saturday, May 7th, the School opened the cricket season with a game against the College. The school batted first and made a total of 67 runs. Duclos batted very soundly, and accounted for 20 of the runs. For the college Radley-Walters and Greenwood were the most successful bowlers, each accounting for 4 wickets. The college total was only 18 owing to the fast bowling of Sewell, and the steadiness of Whittall. The former took 3 wickets for 5 runs, and the latter getting 7 wickets for 10 runs.

## SCHOOL vs. PEDANTICS

On May the 14th the School played their second game, against the Pedantics, the latter team consisting of five masters and six boys from second team. The school batted first and made a total of 116 runs. Packard was their most outstanding batter getting 28 of the runs, while Collier made 21 not out. The Pedantics then went in and ran up a score of 165, Mr. Grier and Stairs III contributing 54 and 35 runs respectively. Dodds took five wickets for seventeen runs for the school. The scores were as follows:—

## SCHOOL vs. LOWER CANADA COLLEGE

On May 21st the School played their annual match with L.C.C. on the College field at Lennoxville. The visiting team batted first and due to the efficient bowling of Sewell and Whittall, only got 32 runs. The first three School wickets were down for twenty runs, when Churchill-Smith and Molson I came in and brought the score up to 121, the former scoring 56 and the latter 48. Campbell I took 6 wickets for L.C.C. The visitors then went in for a second innings and this time scored 49 runs. This time Whittall and Dodds shared the bowling honours.

## SCHOOL vs. MASTERS

On Saturday, May 28th, the School played an exciting game with the Masters, plus a few boys. The School won by 4 wickets. The Masters scored 112, due to fine batting by Mr. Love and Mr. Wright, who made 37 and 25 respectively. The School then batted and ran up 114 for 6 wickets with Whittall making a well-batted 28 and steady batting by Churchill-Smith and Molson. The runs came slowly due to excellent bowling by Mr. Grier, Mr. Wright and Lindsay II. Sewell I, Dodds and Whittall were the School's most outstanding bowlers. The scores were as follows:—

## Skiing

Skiing started as soon as the Easter Term began and a lot of practice was put in by the members of the Ski Club for the Whittall Cup contests and school meets. Unfortunately, owing to intermittent illnesses the Ski team was always minus some one or other valuable member.

On January 24th the competitive skiing began with the district Interscholastic meet at North Hatley. In this meet the team lost first place to the skiers from Vermont, but gained some excellent experience. Beckett was the best of our seniors and McCuaig excelled among the juniors to take first place and the Junior Cup.

On February 18th the Ski Team went to North Hatley. A few of the hardier souls skied, the rest went by taxi, and took lodging in the annex of the Connaught Inn. Meanwhile a ski team from Upper Canada College arrived at B.C.S. and slept the night there. On Saturday morning the U.C.C. team and the rest of the school came over to North Hatley by train. The Ski meet started at 11 a.m. with the Senior, Intermediate and Junior Cross country over a three mile course. We then adjourned for lunch in the annex hall which we filled to capacity.

After lunch we went to the slalom course and ran off that event. We next climbed up the downhill course wondering if our padding would see us safely down the icy run. We stood with knees knocking, watching our fellow competitors rocket down the slope. Our turn came and we were more than surprised to see ourselves get down to the bottom, amid the blare of loudspeakers, more or less under our own power though we picked up some souvenirs at the icy S-bend. We returned to the Inn and had supper, after which was a movie of skiing in Switzerland while the Ski Club officials added up the points. When this had been done we discovered that B.C.S. had won the meet with a total of 4303.41 against Upper Canada's total of 4276.31, although they won every event except the senior and junior slalom.

On Sunday morning Mr. Salmon led a party of U.C.C. boys cross-country back to the school while the remainder of us went back by bus; and so ended a very enjoyable weekend. In closing it must be added that we owe a very great debt of gratitude to the members and officials of the Connaught Ski Club for their help in acting as starters, timers, and checkers in all the races. We hope to have more meets like this one in years to come.

On February 22nd, Anglin and Phelps entered the Eastern Townships Open Competitions, and competing against much older and more experienced skiers, made a very creditable showing with Anglin in 5th place.

The Whittall Cup for the best skier was won this year by Anglin and Beckett, while McCuaig proved himself to be the most promising among the juniors and won the Whittall Prize for Juniors.

The third class tests of the Canadian Amateur Ski Association were taken by a number of boys and Anglin, Beckett, and Nixon were successful in passing them. Undoubtedly more would have passed if the season had afforded longer time for practice.

### B.C.S. CADETS UPHOLD UNIT'S HIGH TRADITION

Brigadier R. O. Alexander, D.S.O., Deeply Impressed by Faultless Demonstration Staged by Cadet Corps at Annual Inspection Yesterday Afternoon—Described Display as Better than Any Previous on Part of Unit.

"There may come the day when the fine tradition you are helping to build, the esprit-de-corps and the work you have shown to-day will be useful, perhaps not only to yourself but to your country as well," Brigadier R. O. Alexander, D.S.O., officer Commanding Military District No. 4, declared yesterday afternoon when he lauded the Bishop's College School Cadet Corps upon their splendid showing at their annual inspection.

The Brigadier said that he had been deeply impressed by the faultless demonstration staged by the school cadets and he described yesterday's display as better than any he had seen upon the part of the cadet unit.

"As doubtless you have often been told," he said, "you have high traditions to live up to. You are fortunate to belong to one of the few cadet corps entitled to battle colors, and I know of no school in the Empire that has produced finer military men than B.C.S."

From the standpoint of service, the Brigadier continued, the School corps had a high tradition to uphold, "and much will be expected of you."

"Whether or not you continue with army work," the inspecting officer said, "do not entirely give up military training. For as members of an officer-producing school you will be expected to have those qualities of leadership which as members of this corps you have had instilled in you."

Under the command of Cadet-Major Ian MacLean, the corps presented a fine appearance as they carried out their drill and the march past without a fault. Buttons shining, bayonets gleaming and uniforms spotless, the B.C.S. boys upheld in a worthy manner the splendid traditions of their unit as they gave the general salute to Brigadier Alexander.

Accompanied by Lt.-Col. Gorssline, D.S.O., of Headquarters Staff, Crawford Grier, Headmaster of the School, and Lt. W. H. Fisher, instructor of the squad, Brigadier Alexander inspected the corps after the fall in and roll call. The march past, first in line and then in column of platoons, was carried out with faultless precision, with the Preparatory School lads, in white flannels and purple blazers, marching behind under the command of R. MacMaster and D. Landry.

Organized by Lt. Lyman Tomkins, of the Sherbrooke Regiment (M.G.), the anti-aircraft demonstration, one of the highlights of the afternoon's activities, followed by a physical training display by the Prep, instruction by the Cadets to the recruits and company drill. The "Lucas Light", a day lamp for signalling, and Lewis anti-aircraft guns were brought into play and assembled.

Telephones were quickly set up on the field and the imaginary air attack successfully repulsed. The telephone squad was trained by Cpl. Morrison, of the Sherbrooke Regiment.

The afternoon's ceremonies were concluded with gymnastic display by the Upper and Middle Schools and the presentation of prizes. Headmaster Crawford Grier introduced Brigadier Alexander, who presented the awards, and extended thanks to the senior officers of the Sherbrooke Regiment (M.G.) for attending the inspection.

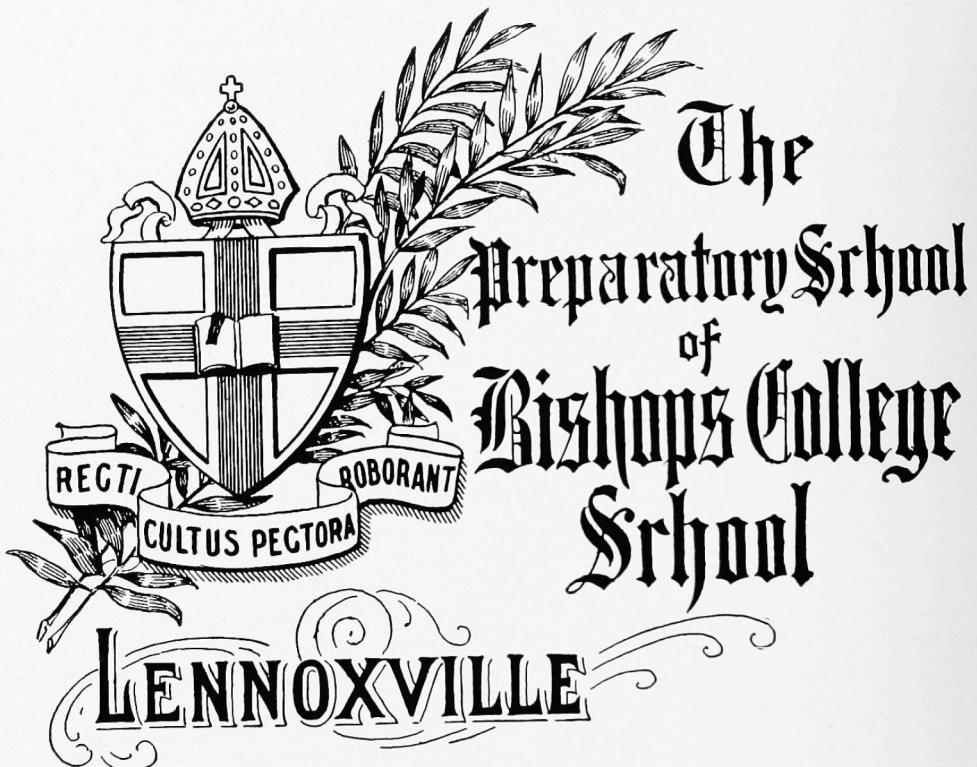

Cadet-Major Ian MacLean, of Montreal, commander of the Cadet Corps, was awarded the Strathcona Medal for general efficiency, while Cadet-Captain G. E. Buch, also of Montreal, received the Allen Cup for the most efficient officer. Sgt. F. A. Crichton, of Newport, won the Allen Cup for the most efficient N.C.O. and the Allen trophy awarded the best recruit went to Pte. E. Durnford, of Montreal.

## HOCKEY

On the first day of the Lent Term the Hockey Season was opened by the assigning of boys to first and second creases. Mr. Carson coached the first squad and Mr. Evans and Mr. Cross the second crease. After a few weeks' practice a team was chosen to play St. Pat's Bantams "B" Team, whom we beat. The next game was against the Upper School Bantams, who beat us 3-2, but this was not a league game. The first league game was a week later against the same team, this time the Prep. being victorious to the tune of 4-1. Then we played St. Pat's Bantams "A", this time having a closer fight but winning by 3-1. A return match in Sherbrooke resulted in a 4-1 win for the Prep. Our last game was with the Upper and the Prep. won by a narrow margin, and found itself the Champions of the Eastern Townships Bantam League of the Q.A.H.A. The team and subs were as follows:—McMaster (Captain), MacTier, Evans, Munster, Landry, Lindsay, MacDonald, McCurdy, Pitfield, Finley.

The second crease was divided up in an "Indian League", the results of many games being:—1st, Iroquois; 2nd, Mohawks; 3rd, Algonquins; 4th, Hurons.

## SKIING

The 1938 Skiing Season was excellent from the point of view of the weather, and the sport continued well into March. Instruction in turns and other branches of skiing technique occupied much of the first of the season. Several Prep boys tried to get their Third Class Tests, but, although well on the way to doing so, were overtaken by the spring break-up, and will have to try again next year. The Prep sent a team to the Interscholastic Meet at North Hatley, taking second, third, fifth and sixth places in the Junior Aggregate. One Saturday the whole Prep went to North Hatley, and the Downhill Race for the Whittall Cup was run off, and Slalom and Cross-Country races in the vicinity of the school finally showed Hugessen II to be the best Prep skier, and the winner of the Whittall Cup. For the first time a Prep Ski Team was chosen, and was composed of Hugessen II, Munster, McMaster, Macdonald, Grav, Landry, Lindsay and Lemieux.

## CRICKET

Nets played the usual important part in the first-of-the-season cricket, and later the first crease alternated nets with practice games, while the second crease, under Mr. Cross, embarked upon a "Non-Stop" match which looks as though it may last till the first snow-fall. The team played an exhibition match with the Upper Scrubs and was badly beaten, although the game was interesting throughout. On the 19th of May the team went to Montreal to play its annual match against Selwyn House on the McGill campus. Selwyn House won the toss and took the field first, and the Prep. started shakily with 4 wickets falling for 28 runs. However, Woodward and Macdonald then made a stand and refused to get out until they had gathered 58 and 42 runs respectively. With 9 wickets down the Prep declared with a score of 143, and an hour remained in which to get Selwyn House out and so avoid a draw. McMaster's and Macdonald's bowling and Landry's expert fielding were a great help, and the last batter was caught with three minutes to go to the time for drawing stumps. Selwyn House made 71, and the Prep returned to school victorious and thankful to Mr. Carson for his excellent coaching. The team was composed of:—Lindsay (Captain), Macdonald, McMaster, Morkill, Munster, Dodds, Landry, Lemieux, Woodward, Pitfield, McCurdy, with MacTier as twelfth man and scorer.

## TRACK

About a dozen boys turned out for Track this term, and practices were held daily in preparation for the Stanstead Meet. The Prep now has its own Broad and High Jumps, the latter constructed by Lindsay. On Saturday the 21st of May a team of six boys went to Stanstead; Pitfield, MacTier, McMaster, Atkinson II, Landry and Lemieux. In the 50 yards dash Pitfield, McMaster and MacTier all got into the finals, and the first two named, coming second and third respectively won four points for the school. No points were gained by our entrants in the jumping events, but the relay team of Pitfield, Landry, MacTier and McMaster won that Midget event, adding another 5 points to our contribution to the Upper's score in the meet.

## PREP CHOIR

This year the Choir learned something that, as far as we know, has not been done before at the school, namely—the Litany. It has been done once in the Lent Term, and once in the Summer. At present the Choir is working on an anthem which will be sung before the end of the term. The Prep's contribution to the work of the Choir in general has been most effective, about twenty boys having been members throughout the year.

G. S. M.

## CONFIRMATION

The following Prep boys were confirmed in St. Mark's Chapel on May the 8th by the Bishop of Quebec: Landry, Wanklyn, Lindsay, D. Atkinson, P. Atkinson, Spafford, J. Holley, and Grav. It was a most impressive service with an enlightening sermon by the Bishop.

F. S. H.

## LIBRARY

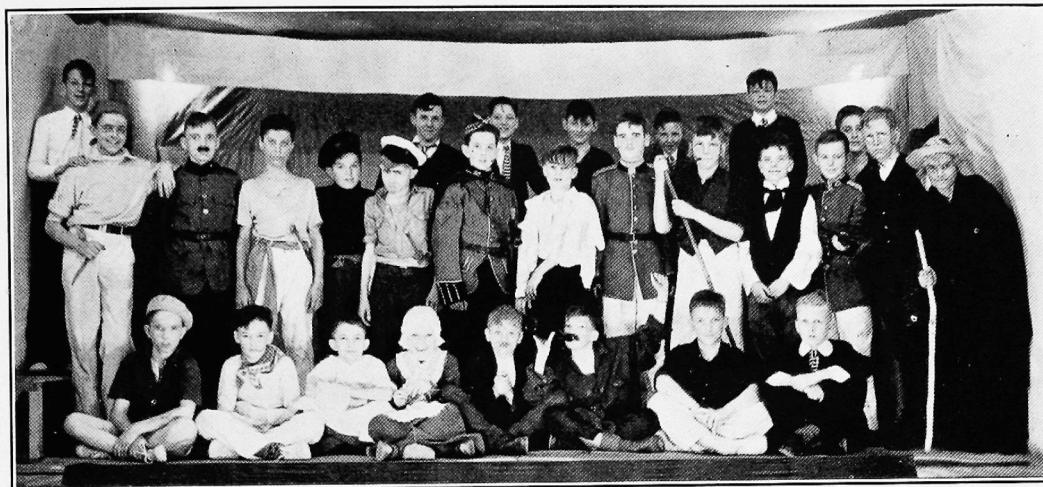

This year the Prep Library has been completely reorganized, and new volumes of fiction, and reference, dealing with everything from Dogs to Drama and from Exploration to Excitement have been purchased, many of the titles chosen by the boys themselves. The Librarians, on behalf of the whole Prep, wish to thank Wanklyn for his gift of books.

F. S. H.

## BROWNIE CLUB

In October Mr. Carson suggested that the Prep should have a Camera Club, and in no time at all "The Brownie Club" sprang into existence, with a dark room, developing and printing materials, and unbounded enthusiasm. Nearly all the members of the club (which has as many members as there are boys in the Prep), can develop their own pictures by now, while most of the printing is done with Mr. Carson's help. Prizes have been offered by the Prep masters for certain types of pictures.

D. McL.

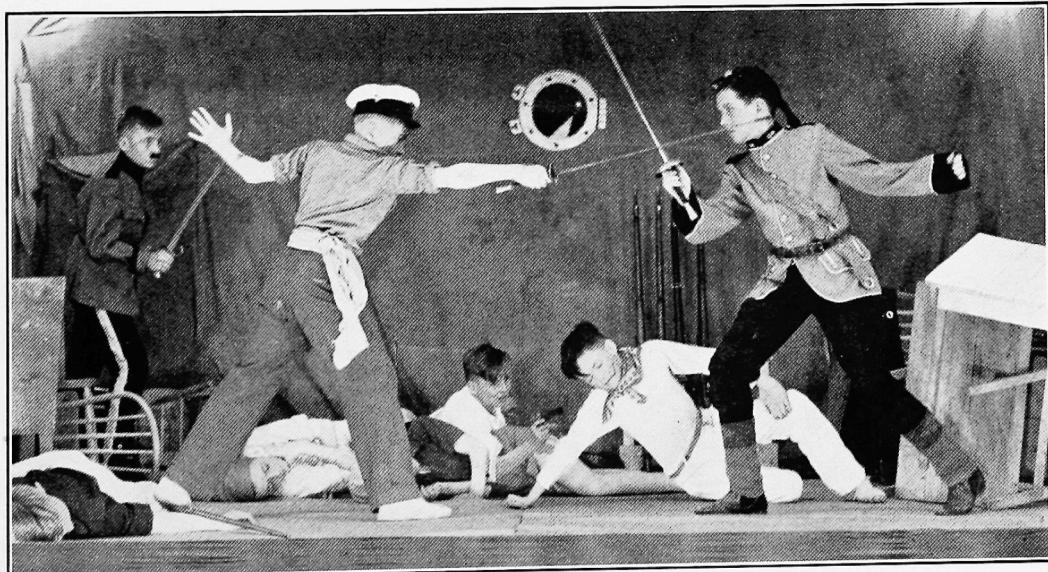

KIDNAPPED.

## THE PLAY

On the 1st and 2nd of April the Prep produced a dramatization of Stevenson's story "Kidnapped". Rehearsals began about the middle of the term and "The Studio Theatre" became a hive of industry. Those boys who were not included in the cast of 21 got jobs on the technical crew, and so efficient were they that masters venturing behind the scenes found themselves simply in the way. The leading parts were played by McMaster, as David Balfour, Woodward as Alan Breck Stuart, and Hugessen II as Uncle Ebenezer. The Middle School packed the auditorium on the first night, and the Seniors and guests from Lennoxville witnessed the performance on the second night. The only person who found himself out of a job was the Prompter—he did not have to perform at all.

A BOUT.

## THE CONCERT

On Saturday evening, April the 30th, the Prep contributed three performers to the Concert, arranged by Mr. Havard and Miss Allen. Macdonald, McCurdy and Hugessen II played two pieces each on the piano, adding no little to the success of the concert as a whole.

G. S. M.

## WORKSHOP

Under the guidance of Mr. Salmon the Prep carpenters have been very busy all year, and have brought forth many marvellous and complicated creations. They opened the season by making junk-boxes for their lockers, and then branched out into such articles as bird-houses, book-ends, book-cases, tables, clothes-closets, cabinets, and model boats. Lindsay and Wanklyn, the sound-effects men of the Prep Players, made a marching machine, a wind machine, and a microphone for various dramatic productions. Wanklyn and Dodds have finished the small hut, making the door and windows.

S. D.

## HUTS

The smaller of two proposed huts was built during the Autumn term, as previously reported, and we received delivery of the large logs for the big hut just before the snow came. Odd afternoons in the Lent Term when skiing was impossible found the Prep harnessed to these logs and towing them to the site of the hut, terrific energy being displayed by the boys in dragging and complaining, and by the masters in exhortation. In the early part of the Summer Term and in spare hours and detention hours throughout it much work has been done in peeling the logs, so that the materials for the big hut will soon be ready for next year's architects, builders, and thumb-hammerers.

D. I. W.

## CYCLING

Bicycles have this year played a greater part than ever in the life of the Prep, particularly in the summer term. The woods near the school have been staked out as garages, and roads, driveways, repair shops, etc., have appeared. Four very successful bicycle hikes have been organized by Mr. Cross. The first was to Rock Forest and back via Sherbrooke, the distance of twenty-one miles being done in excellent time. The second was to Waterville and back, twenty-three miles, the third to Rock Forest again for a swim and supper, and the fourth to North Hatley on the 24th of May, which is reported in the next paragraph.

D. I. W.

## THE 24TH

Victoria Day dawned with the promise of rain, and kept its promise. However, after breakfast most of the Prep boys set off on their bicycles for North Hatley under the leadership of Mr. Cross, while Mr. Evans took the food and more boys in his car. Dodging from covered bridge to covered bridge the cyclists made the journey without getting unduly wet. The loan of Mr. Lord's cottage was most welcome, and a dip, which did not last long, and a lunch, which did, occupied the middle part of the day. The rain stopped when the cyclists were about half-way home, and the evening turned out dry

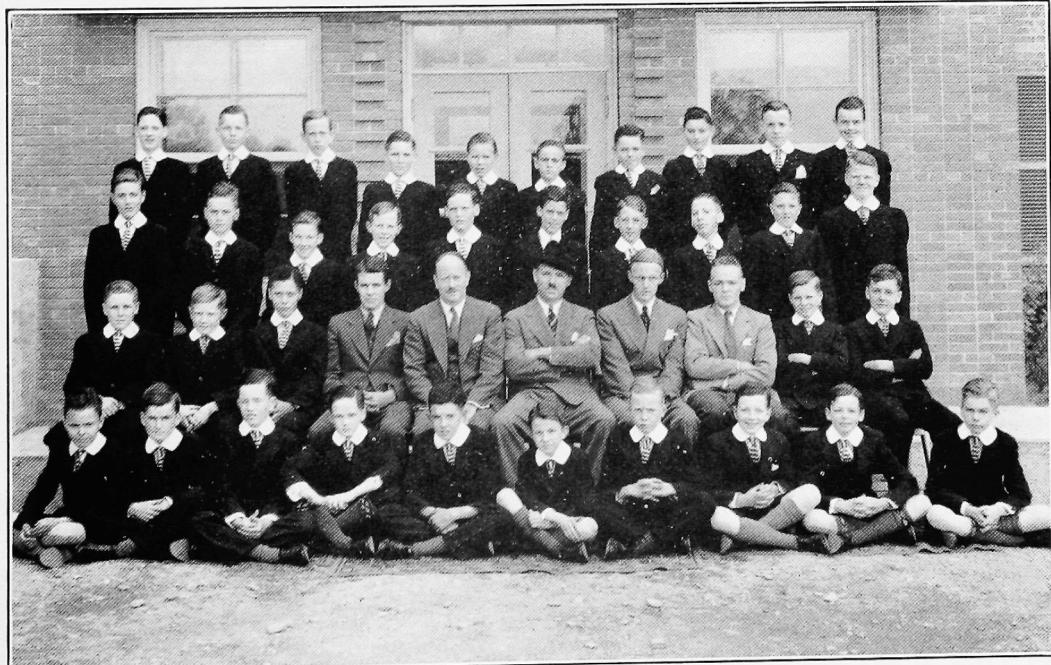

enough for fire works. From supper-time till dark a barrage of squibs, etc., bracketed the Prep, and when the sun had gone down the vast bonfire which had been prepared was lighted, rockets started to sizzle heavenwards, balloons went up, firecrackers went off and everybody went crazy. At last the Prep happy, and—though no one would admit it—very sleepy, turned in.

K. K. H.

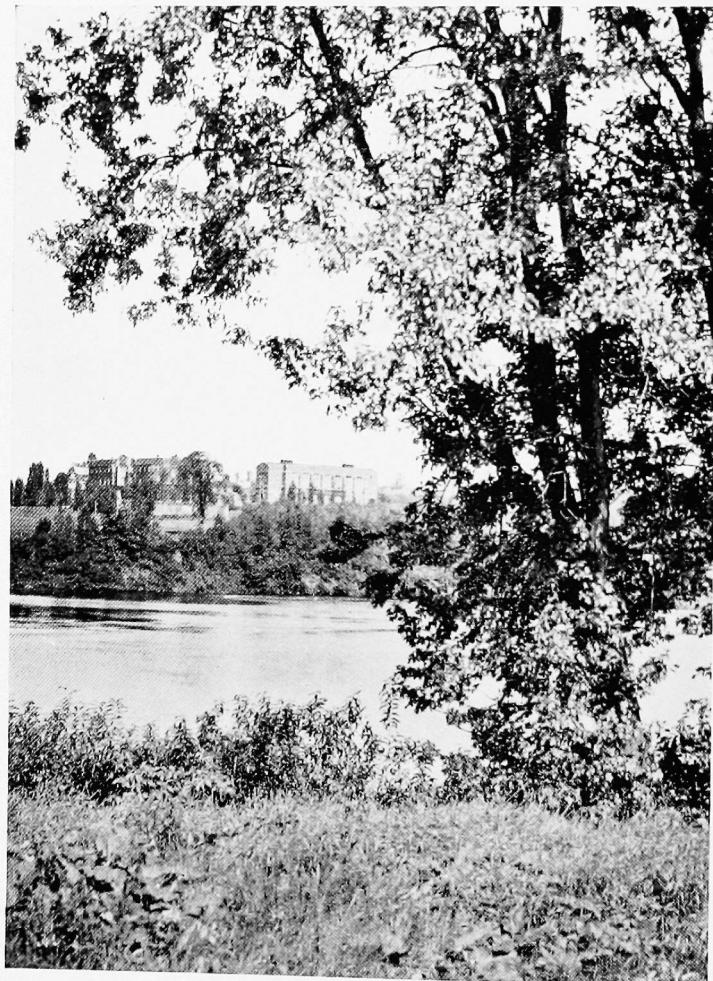

#### THIS AND THAT

As we go to press the strange news comes to hand that the garages previously mentioned are turning into gardens. Enthusiasm for floriculture has suddenly burst forth, and wild flowers from our woods have suddenly found themselves transplanted to Prep rockeries, while generous contributions of rock-garden plants from Mr. Grier's garden have turned the corner of the Prep woods into a riot of colour.

Inspection, Sports, Exams. and Closing have yet to come, and so cannot be reported here. It only remains to wish everybody a happy summer's holiday, thereby closing the Prep Notes of the New Prep's First—and very pleasant—Year.

"FOR REMEMBRANCE"

Sherbrooke Daily Record, Monday, May 9, 1938.

MANY ATTENDED LAST RITES OF ROBERT McCREA  
(B.C.S. 1918-'23)

IMPRESSIVE SERVICES HELD FOR VICTIM OF AUTOMOBILE ACCIDENT  
SERVICES WERE CONDUCTED BY REV. CANON H. R. BIGG

Preceded by three flower-laden automobiles, the earthly remains of Robert E. McCrea, who died on Thursday from injuries received in an automobile accident near Coaticook, were laid to rest in Elmwood Cemetery on Saturday afternoon. Religious services were held at the residence of his mother, Mrs. F. N. McCrea, Melbourne Street, and at St. Peter's Church.

The service at the house was conducted by Rev. Canon H. R. Bigg, assisted by Rev. G. Ellery Read, D.D., pastor emeritus of Plymouth United Church. During the short service, a duet, "My Ain Countrie," was rendered by Mrs. Wright Gibson and Mrs. George Ogston.

Canon Bigg had charge of the service at St. Peter's Church, where he was assisted by Rev. H. O. N. Belford, of Richmond, and Archdeacon Albert Jones, of Lennoxville. The augmented choir, under Graham George, director of music, sang the hymns, "Breathe On Me, Breath of God," and "The King of Love, My Shepherd Is."

The service at the grave was also conducted by the rector of St. Peter's, the remains being borne to their last resting place by Forest Keene, Fred Povey, Lee MacKay, Frank Hindmarch, Earle Walley and Fred. W. Ayer.

Robert McCrea, who was in his thirty-fifth year, leaves to mourn his loss his wife, nee Maud Coles; two children, Francis and Robert; his mother, Mrs. F. N. McCrea; three brothers, J. E. McCrea, of North Hatley, F. W. McCrea, of Sherbrooke, and George McCrea, of Sudbury; four sisters, Mrs. H. K. Starnes, of Montreal, Mrs. F. C. Baker, of Lennoxville, Mrs. W. McCutcheon, of Montreal, and Mrs. E. G. Lawrence, of Kingston, Ont., besides many more distant relatives.

Born in Sherbrooke thirty-five years ago next Friday, the son of the late F. N. McCrea, former Member of Parliament for Sherbrooke, and Mrs. McCrea, Robert E. McCrea was educated here, later attending Bishop's College School and McGill University. A keen athlete, he was especially interested in shooting, sailing and curling. An aviation enthusiast, he had earned his pilot's license.

After leaving McGill he joined the staff of the Canadian Bank of Commerce. Later he went to the Lennoxville Brick Company and after becoming interested in Hatley Craft, Limited, at North Hatley, he became associated with his brother, F. W. McCrea, in the lumber business.

He sustained a fractured skull, a fractured leg and internal injuries when endeavoring to avoid crashing into a truck near Coaticook last Tuesday. Death followed on Thursday.

BASSETT—BRADLEY

The marriage of Eleanor Moira, daughter of Dr. and Mrs. F. H. Bradley, of Sherbrooke, to Mr. John White Hughes Bassett, son of Mr. and Mrs. John Bassett, of Montreal, took place yesterday afternoon at half-past two o'clock at St. Mark's Chapel, Bishop's College, Lennoxville, Colonel the Rev. A. H. McGreer, O.B.E., M.C., M.A., D.D., Principal of the University, officiating. Mr. Gault Parker, of Drummondville, played the wedding music.

The bride, who was given away by her father, wore her mother's wedding gown with an heirloom veil of princess lace. Her only ornament was a string of pearls, the gift of the bridegroom.

She was attended by her sister, Mrs. William Mitchell, of Montreal, as matron-of-honor, and by Miss Betty Bassett, of Montreal, sister of the bridegroom, and by her sister, Miss Frederica Bradley, as bridesmaids.

Mr. John Baillie, of Montreal, was best man for Mr. Bassett, and the ushers were Mr. William Bradley, of Quebec, brother of the bride; Mr. Kenneth Paton and Mr. John Blue, of Sherbrooke; and Mr. Dan Doheny and Mr. Kenneth Johnston, of Montreal.

The reception was held at the Magog House, Sherbrooke.

Later, Mr. and Mrs. Bassett left to sail by the Lady Somers for Bermuda.

"*For he is constant as the northern star.*"

MALCOLM SEAFIELD GRANT. "Curly" came to the Prep in 1926, where he spent two years. He succeeded in making all the first teams in his first and second years there. He won the boxing championship and the all-round athletic championship and was also a prefect. He came to the Upper in 1928 and made the 3rd teams in hockey and football. He was also on the 1st cricket eleven in 1929. Curly has been on all first teams for the last three years, and captain of the football and basketball teams for the past two years. In 1930 he placed third in the gym. competition. He won the bowling average that year and the batting average last year. Last year, too, he was a lieutenant in the cadet corps and this year was promoted to captain. In the senior cross-country in 1931 he came second, also winning the tennis doubles. Curly was a prefect last year and is head prefect this year. In 1931 he won the School heavy-weight boxing championship and the senior all-round, and will be right there again this year. He is still a little undecided as to his future, but we all wish him "Bon Voyage" and "Good Luck," Curls.

*Kenny Gracy.*

The marriage of Miss Elizabeth Rider Gracy, daughter of the late Major Leonard Rider Gracy and of Mrs. Gracy, of Montclair, New Jersey, and Mr. Thomas Ramsey Kenny, son of Mr. and Mrs. Thomas Frederick Kenny, of Buckingham, Que., will be solemnized in St. Luke's Episcopal Church, Montclair, at half past four o'clock this afternoon.

Mr. Kenny will have as his best man Mr. Charles M. Drury, of Montreal, while the ushers will be Mr. Robert McLernon, Mr. Paul Pitcher, and Mr. Frederick Wigle, all of Montreal; Mr. Thomas Gordon of Toronto, and Mr. Richard McCarty, of Orange, N.J.

Following a reception at the home of the bride's mother, at 14 Undercliff Road, Mr. Kenny and his bride leave for Sea Island Beach, Ga., for their honeymoon. They will make their home in Buckingham, Que.

Mrs. Kenny graduated from the Emma Willard School in Troy, N.Y., and attended Hollins College in Virginia. Mr. Kenny graduated from Bishop's College, Lennoxville, and attended McGill University.

Among guests at the wedding will be the bridegroom's parents, Mr. and Mrs. T. F. Kenny, his aunt, Mrs. James McLaren; Mr. and Mrs. Robert M. Kenny, Miss Elizabeth Kenny, and Miss Eleanor Kenny, all of Buckingham; Mr. and Mrs. Victor M. Drury, Miss Diana Drury, Miss Beatrice Austin, and Mrs. Frederick Wigle, all of Montreal.

## 1930

THOMAS RAMSEY KENNY. "Bill" entered the Upper School in 1925 and during his first year took a prominent part in all junior activities, winning the Junior All-round. In the following year Bill repeated his victory of the Junior All-round, besides playing on the second Football and Hockey Squads, and gaining a position on the Cricket team. He came into his own in 1927 and for the next three years was an important factor on all first teams, being Captain of Basketball 1928, 1929; Football 1929, and Cricket 1930.

Bill also stars in boxing, being School Champion in 1929, and in Gymnastics; and last year won the Senior All-round. He has been Commander of the Cadet Corps and a Prefect for the last two years, and also holds the position of Vice-President of the Debating Society. Bill intends entering Bishop's University next year, and we wish him the best of luck both in studies and athletics.

## R. M. C. Notes

*J. O. Alexander.* J. O. has again done very well for himself and for the school. He earned a trip to West Point this year by playing a very good game of hockey as a defence-man. He also played all inter-company sports and battled his way to win his weight in boxing. To top these feats he was appointed a lance-corporal shortly after Easter.

*Boswell, R. K.* Robert is making a great success of his recruit year here. He played for his company in hockey and soccer, and crowned himself with the novice lightweight boxing championship. We hope he is training for next year's Harrier and Track Team.

### CANADIANS BATTLE CANADIANS IN LONDON-VARSITY HOCKEY GAME

---

London, March 19—(C.P. Cable)  
—Oxford University to-day defeated Cambridge University in the annual varsity hockey game, 1-0.

Captain Fred McLean of Unity, Sask., scored the lone goal of the listless contest on a pass from Ogden Glass of Montreal with but five minutes of play remaining in the third period.

There was only one penalty handed out. Fourteen of the 20 players in uniform were from Canada.

## McGill Notes

*Peter Barott, B.A.* 2. Pete almost infallibly went over to the Redpath Library in the afternoons "to work." And this throughout the whole latter half of the college session. We must report, however, that his eyes were not on his books.

*Ronald Bennett, B.A.* 4. Ron is graduating in Economics and Political Science this year. We have not yet been able to find out definitely where he will be found in the Fall, but we understand that he will take up post-graduate studies somewhere.

*Edward Boothroyd, Law* 1. This Lennoxvillian should do well. We learned that he is one of the senior men in the McGill C.O.T.C.

*Malcolm Byers, B.A.* 2. The Frog very wisely left Montreal immediately after examinations, and it is improbable that he will come out of his seclusion until the storm in June has blown over.

*Ian Collins, Commerce* 3. "Hope springs eternal!"

*Dan Doheny, B.A.* 3. "The Red and White Revue of 1938" was acclaimed in many quarters as the best show of its kind in recent years. Orchids to Dan, the producer!

*Robert Duncan, Medicine* 1. These Meds. have a pretty raw time nowadays. Imagine working right through until June with May frivolities in full swing!

*Geoffrey Hess, B.A.* 4. As a pre-med. Geoff hasn't exactly killed himself by working too hard . . . far from it!

*John Kemp, Eng.* 1. John did surprisingly well in his first year in Engineering, but at the same time we may safely expect him to repeat next session.

*Henry Langston, Architecture* 4. We noticed with great pleasure that Hank's drawings and paintings attracted considerable attention at an Art Exhibition staged recently by the Architects.

*Percy Leslie, Commerce* 1. "Rip" had a burst of energy at the last moment, and with only a reasonable amount of luck we may be in a position to welcome him back to the fold in October.

*Sydney Lyman, B.A.* 3. We were all genuinely sorry to hear of Syd's illness, and are as one in wishing him a speedy and complete recovery.

*Lawrence McDougall, B.A.* 3. Doug. seemed very worried about a month ago, but knowing him as we do we didn't feel particularly sorry for him. In other words, we think he'll pass!

*John McEntrye, Law* 3. If everything goes as scheduled, John should soon be ready for his Bar examinations.

*Peter McEntrye, Commerce* 3. Yes, that man is still with us! His celebrated laugh can frequently be heard on the Campus.

*Thomas Montgomery, Law* 2. Tom filled very satisfactorily the position of Managing Editor of the McGill Daily and was of great assistance in improving the paper. Unfortunately, Law must demand too much of his time, and he will next year be back in the ranks of the subscribers.

*Richard Peck, B.Sc.* 2. Rich is a fiend for picking out hard courses. The amazing part of it all is that he generally passes them!

*Frank Ritchie, B.A.* 2. Bill has quite a system of getting to College in the morning whereby he needs not get out of bed until fifteen minutes before the lecture. He simply can't outgrow B.C.S. habits!

*Dave Skelton, Architecture* 3. Seen, but not heard.

*Sam Stovel, Medicine* 1. Neither seen nor heard.

*William Tyndale, B.A.* 1. We say in advance that Bill will be near the top of his year. It might be of interest to know that he was with the C.O.T.C. this past winter.

*Herbert von Colditz, Eng.* 2. Herb's great figure cast a large shadow over the library. We regret to report that we have not followed the results of Engineering classes in the papers.

*Frank Winser, B.A.* 1. Frank had a pretty good season with the McGill Hockey Juniors. After that he was almost always lost among books up at Douglas Hall.

*Donald Ross, "Jolly"* has been attending lectures at McGill during the past year in Chemistry and Commerce, and has been seen "up north" several times during the last winter season.

*Harry Ross* during the last two years has been climbing up the steps of the Montreal Art Galleries and taking lessons in "The Arts". We understand that he is one of the only males in the class, that explains the red paint on his "palate."

*Ross Patton*, on a visit from England—due to the death of his father—visited the School on the week-end May 27th, 28th.

*Johnny Patton* is the United Kingdom Circulation Manager for the National Magazine Co.

*Allan Patton* paid the School a visit in May.

## U. B. C. Notes

*Owen Carter*: Working for his B.A. in History and Philosophy has kept "Boots" busy this year, but in his spare time he managed to play football and hockey, as well as being Vice-President of the Students' Council. He intends to take Law at McGill in the fall.

*Roger Boothroyd*. In his final year B.Sc. "Boots III" also intends to go to McGill next autumn. When not in the Lab., where most of his time this year has been spent, Boots played inter-year hockey, as well as being President of the Maths. and Science Club.

*Radley-Walters* is taking first year B.Sc. He also engages in golf, football, tennis, and other extra-curricular activities.

### OLD BOYS' TIES

For some time the Committee has felt that a distinctive tie for B.C.S. Old Boys should be adopted and Gibb Carsley (B.C.S. '22-'26), was commissioned to obtain samples for one. The sample adopted by the Committee was passed around at the Annual Banquet last December and met with general approval. The ties are now on sale under the supervision of Gibb Carsley at the store of Gibb & Co., 226 St. James Street West, Montreal, and a large number have already been sold. The price is \$2.50. The tie is distinctive without being unduly conspicuous, and the Committee urges every Old Boy to buy one and wear it as often as possible. The wearing of the tie will serve as a further bond between Old Boys and as valuable publicity for the School.

### MATRON'S RETIREMENT

Miss Martha McCallum, for twenty-five years Matron at B.C.S., is retiring this summer and the Committee feel that many Old Boys would be glad to express in some tangible form their esteem for her. Accordingly a sub-committee consisting of E. de L. Greenwood and G. H. Montgomery Jr., has been appointed. Address letters to G. H. Montgomery Jr., P.O. Box 250, Place d'Armes, Montreal.

*Extract from a letter by The Rev. Allan Brockington in the London Daily Sketch:*

More than 40 years ago the University of Bishop's College and Bishop's College School celebrated the jubilee of their foundation at Lennoxville, one of the eastern townships of Quebec Province, of which Sherbrooke is the chief. The occasion attracted many visitors, including Lord and Lady Aberdeen. As secretary for the proceedings I was brought into contact with these guests of the university and school. A boy in my form named Joly de Lotbiniere introduced me to his parents, and M. Joly told me that his grandfather was the last seigneur of Lotbiniere to exercise the right of the high, the middle, and the low justice. A Norman link indeed!

The 1912-13 First Class of the Royal Military College recently held a reunion at Kingston and a commemorative album was published under the direction of Eric Greenwood. No less than six B.C.S. Old Boys were members of this class.

*Eric Greenwood* now occupies the positions of manager of The Engineers' Club of Montreal, secretary of the Montreal Hunt Club, and Vice-President of this Association.

*J. K. M. Green* is now with the Confederation Life in Montreal.

*Major K. M. Holloway* is commanding the Toronto detachment of the Royal Canadian Regiment.

*George Bryant Schwartz* is in the real estate business in Toronto.

*John Galt* and *G. C. M. Morrow* were among the Old Boys killed in action during the Great War.

*Peter Blaylock* ('25-'29), is now married and living in Shawinigan Falls.

*Allan Rankin* ('26-'30), recently returned to Montreal from Zurich, Switzerland.

*Bob McLernon* ('26-'30), having graduated last year from Trinity College, Cambridge, is working with Dominick and Dominick, Stockbrokers, New York.

*Herbert Carter* is fruit-farming at "Carterscroft", Burlington, Ontario.

*Ross Patton* ('20-'26), is working at moving picture production in England; *Johnny* ('21-'27), is also in England; *Allan* ('22-'29), is with Fraser Industries in Chicago, and *Billy* ('24-'30), is studying dancing in New York.

*Hartland Molson* ('18-'24), is president of Dominion Skyways, operating planes to the mining districts of Northern Quebec and Ontario and to Labrador.

*Terry Mitchell* ('16-'18), is in the pulp and paper business in Three Rivers, Quebec.

*David Drury* ('28-'29) is working for the E. B. Eddy Company in Hamilton.

*Hector Howell* ('25-'29), having graduated from Osgoode Hall, is practicing law in Toronto.

*Paul Sise Jr.* ('23-'29) is in the head office of the Bell Telephone Company of Canada in Montreal.

*Tommy Lines* is a broker in Toronto.

*Bill Robb* ('28-'30), recently married, is living in Hamilton.

*Hazen Sise* is back from his work with the Canadian Blood Transfusion Unit stationed in Madrid. He has been lecturing about his experiences here and in the United States. He edited the rotogravure section of the Montreal Standard long enough to put it in its present improved form.

*Dick Porteous* is with the Northern Electric Company in Montreal.

*Bertie Wallis* is in New Brunswick, supervising construction projects.

*Melville Bell* ('31-'35) is studying at the University of Touraine, Tours, France.

*Bob Moncel* ('26-'32) is with his father in the Devoe Electric Switch Co., Montreal.

*Peter MacDougall* ('24-'31) has recently moved to Toronto.

*Don Stevens* ('32-'33) is one of the dozen pilots being groomed for the new Trans-Canada Airways service.

*Jack Sheppard* ('29-'33) has charge of a Shawinigan Chemicals draughting board.

*Guy Drummond* ('25-'32) has been pursuing his legal studies in a yellow roadster and finally caught up with them this spring.

*D'Arcy Lynch* ('30-'33) pulled down high marks in his law course again, after a year of varied, and highly interesting, activity.

*Hugh Doheny* ('26-'33) embarked on a legal career this year, was an officer of his class, worked hard between times to make the grade.

*Dan Doheny* ('27-'34) produced an outstanding Red and White Revue, played high-grade hockey as well.

*Jack Cross* ('28-'34) abetted Dan Doheny in his entertainment venture as Business Manager.

*Bob Kenny* ('27-'33) played outstanding football and hockey incidental to his Engineering Course.

*Gear McEntyre* ('27-'30) recovered from an injury to his hand last summer in time to continue his legal studies.

*Sewell Hubbard* ('29-'31) rounded off a long and eventful pursuit of an Engineering degree this spring, after a hard winter.

*Gordon Taylor* ('26-'29) has recently acquired a seat on the Stock Exchange.

*T. R. (Buck) Kenny* ('25-'30) is to be married on June fourth to Miss Elizabeth Gracy of Montclair, New Jersey. *Bud Drury* is to be best man, while *Bob Kenny* and *Gordon MacDougall* will act as ushers.

*E. S. D. (Laz) Weaver* ('19-'30), who is working for the Imperial Tobacco Company, has recently been moved to Sydney, Nova Scotia.

*G. Victor Whitehead* ('08-'14), the President of the Association, is now Officer Commanding of the 12th Infantry.

*C. M. (Bud) Drury* ('25-'29), President of Quebec Industries Limited, has recently been appointed Secretary of the R. M. C. Ex-Cadets' Association.

*George Hall* ('16-'26) has completed his legal studies and is now with the Montreal Trust Company.

*Arthur Barry* ('26-'30), who graduated in Engineering at McGill, is now with the DuPont Company in Wilmington, Delaware.

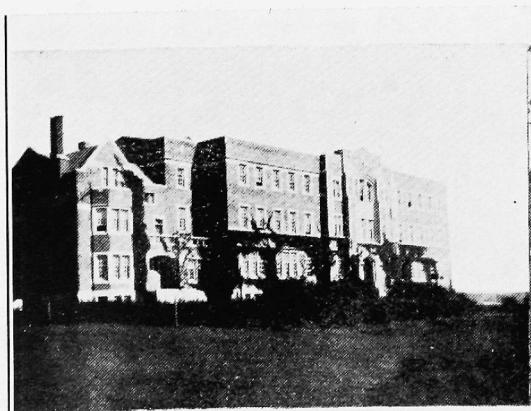

The Secretary is very anxious to improve the quality of these Notes, but cannot do so without the co-operation of the Old Boys and requests them to send any interesting items about themselves or other Old Boys to G. H. Montgomery Jr., P.O. Box 250, Place d'Armes, Montreal. He wishes to thank those Old Boys who have already furnished him with information, and especially *Ian Ogilvie* ('23-'29) of the Montreal Gazette.

## To men who are reconsidering their Wills

MANY WILLS, made some time ago, are being reconsidered to-day. One reason is the necessity of bringing them up-to-date to meet present conditions. Another important reason is the desire to place Estate administration in responsible and experienced hands for future family protection.

Officers of our Trust Department would be pleased to discuss with you the financial aspects of Estate disposition and the advantages of service as Executor and Trustee.

# A man of substance

Save money at college? Nonsense! And yet some students do manage it, and the habit of saving even small amounts is one well worth acquiring. There is nothing like cash in the bank to give you confidence, and confidence can be one of your greatest assets when you enter the world of business.

.....  
Students' accounts are always welcome at any branch of this Bank.

One of the pleasant things about  
summer is that hot weather makes  
Gurd's Dry Ginger Ale so much  
more enjoyable.

For sheer thirst-quenching good-  
ness, combined with tangy flavour,  
there's nothing like Gurd's.
